Sanford Shuttle Gets a New Look With free round-trip Shuttle Service from the Sanford SunRail Station to Downtown Sanford

Soon you will see the Amtrak AutoTrain van shuttle wrapped in a scenic design of Sanford's downtown marina. The shuttle will be regularly picking up visitors from the Amtrak AutoTrain station and will also be making stops at Sanford's SunRail Station beginning at 10:00 AM until 3:00 PM to shuttle passengers to and from downtown Sanford's historic Sanford Welcome Center back to the Sanford SunRail Station coinciding with SunRail's schedule.

The Sanford Community Redevelopment Agency (CRA) began the free shuttle service from the Amtrak AutoTrain station in 2009 and has averaged 500 passengers per month over the five year period. Over 30,000 travelers have taken the time, while their cars are being loaded onto the train, to visit downtown Sanford to dine and shop, instead of waiting in a crowded terminal.

The CRA will also be providing free service from the SunRail station to downtown Sanford for their monthly Alive After Five event on September 11th. From 5:00 PM to 8:30 PM the shuttle will be providing free rides to and from the downtown event.

Make plans now to take the train and visit downtown Sanford. Please call 407.330.1210 or 407.948.2711 to alert the shuttle of your pending arrival.

Come see what's happening now in downtown Sanford by way of the free Sanford shuttle!
