Office of the Finance Director
Donna M. Watt, CPA, CGFO

February 26, 2001

To the Honorable Mayor, City Commission and the Citizens of the City of Sanford, Florida:

The Comprehensive Annual Financial Report of the City of Sanford, Florida, for the fiscal year ended September 30, 2000 is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that the City of Sanford issues annually a report on its financial position and activity, and that this report be audited by an independent firm of certified public accountants. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data are accurate in all material respects and are reported in a manner that presents fairly the financial position and results of operations of the various funds, account groups and component units of the City of Sanford. All disclosures necessary to enable the reader to gain an understanding of the City of Sanford's activities have been included.

The comprehensive annual financial report is presented in three sections: introductory, financial and statistical. The introductory section, which is unaudited, includes this letter of transmittal, an organizational chart and a list of the City of Sanford's principal elected and appointed officials. The financial section includes the general purpose financial statements and the combining and individual fund and account group financial statements and schedules, as well as the independent auditors' report on these financial statements and schedules. The statistical section, which is unaudited, includes selected financial and demographic information, generally presented on a multi-year basis.

The City of Sanford is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1996 and the U. S. Office of Management and Budget's Circular A-133. Information related to this single audit, including a schedule of expenditures of federal awards, schedule of federal guaranteed loans, the independent auditors' report on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in the compliance section of this report.

The financial reporting entity (City of Sanford) includes all the funds and account groups of the primary government (i.e., the City of Sanford as legally defined), as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, the City of Sanford Finance Corporation is presented as a part of the primary government. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the primary government and to differentiate their financial position, results of operations and cash flows from those of the primary government. The Sanford

Airport Authority and the Community Redevelopment Agency are reported as discretely presented component units. The City of Sanford provides a full range of services including police and fire protection services, street and infrastructure maintenance, and recreational activities and cultural events.

Governmental Structure, Local Economic Condition and Outlook

The City of Sanford is located in Central Florida in Seminole County, one of the fastest growing counties in the Nation. Nicknamed "Celery City" for its agricultural interest in the early 1900's, Sanford was incorporated in 1877 under the direction of General Henry Shelton Sanford. When Seminole County split from neighboring Orange County in 1913 the City of Sanford was named as the County Seat. Sanford's southern boundaries include Seminole Community College and the City of Lake Mary. Its western boundary is Interstate 4.

The Sanford Commercial District was proclaimed an historic district and placed on the National Register in 1976. The Sanford Residential Historic District, an area of approximately 76 blocks south of the commercial district, was placed on the National Register in 1989. The St. James African Methodist Episcopal Church, erected in 1913, was designated an historic landmark in May 1990.

A charter city, the legislative branch is composed of four single-district elected Commissioners and a citywide elected Mayor. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager. To effectively execute these policies, as well as to accommodate the unprecedented residential and commercial growth currently experienced by the City and its contiguous areas, the Commission has adopted a strategic plan, presented by the City Manager. The vision encompasses the following four major goals:

1. Every neighborhood in the City is a safe and friendly place to live and City residents have pride in their homes and neighborhoods.
2. The City's schools and businesses provide our residents with the opportunity to succeed in life.
3. The City's unique assets are unparalleled and enjoyed by residents and visitors alike.
4. City government, at all levels, has the vision and leadership to be successful.

Additionally, the Commission has adopted a Comprehensive Plan, along with Land Development Regulations, and various Master Plans. The City has established departmental work plans geared toward realizing the vision set forth in the strategic plan. In addition, the City is working in cooperation with Seminole County, Seminole County School Board and other area agencies in a cooperative effort to maximize the opportunities and minimize negative impacts of regional growth.

Major Initiatives

For the Year. The City of Sanford's staff, following specific directives from the City Commission and the City Manager, has been involved in a variety of projects throughout the year. These projects reflect the City of Sanford's commitment to its strategic plan. Several major projects or improvements were completed during the fiscal year.

The Recreation Department hosted the Twelfth Annual Central Florida Soap Box Derby in June 2000 and the 25th

Annual Golden Age Games in November 1999. The Golden Age Games are the oldest senior games in the United States and feature senior athletes from across the nation participating in a week-long event with competition in sports, arts and crafts, and entertainment. The Games are a qualifying event for the U.S. Senior Olympics. In September 2000, the Department hosted the 2000 ASA Men's Super Slowpitch National Championship Tournament featuring the nation's top ten men's softball teams competing at Historic Sanford Memorial Stadium. A joint venture between the City of Sanford, Seminole County and the Seminole County School Board to build an olympic-size swimming pool was completed with a grand opening held in March 2000. The expansion of Chase Park, located adjacent to Historic Sanford Memorial Stadium, to a multi-purpose recreational facility neared completion. A \$1.75 million loan was secured to fund the completion of the renovation of Historic Sanford Memorial Stadium. Seminole County has pledged a ten-year annual support payment of \$40,000 from the tourist development tax to assist in funding debt service associated with this loan.

The Engineering and Planning Department continued to focus on the processing of applications associated with the intense growth within the City and peripheral areas. Construction of Phase I of the Plantation Lakes apartment complex was completed and Phase II was begun. The new I-4 interchange at 46A was completed and opened to traffic during the first quarter of the fiscal year. Construction of the Greenway extension was begun with its terminus at I-4. A new shopping center was opened in the Southern portion of the City with Albertson's Food & Drug Store as the anchor store. During the year, approximately 208 acres of land were voluntarily annexed into the corporate limits of the City and 613 acres were rezoned, upon request of the property owner, to various permitted uses. The Department processed 121 development project applications during the year. These applications included 35 commercial projects, 17 single-family and multi-family projects, 22 industrial projects, and 1 governmental project. The single-family and multi-family projects will add 4050 dwelling units to the City upon completion.

The Community Development Department, using State grants, provided weatherization enhancements on 17 housing units, provided Low-Income Emergency Home Repairs (LEHRP) on 14 homes, and provided \$177,030 in assistance to families for electric bills and home energy needs under the Low Income Home Energy Assistance Program (LIHEAP). The Department also received a grant to improve street lighting in the Goldsboro area.

The Police Department continued its commitment to community policing with the expansion of station hours at the 13th Street Community Policing Facility and the addition of four Community Service Officers in an effort to be more responsive to citizen needs. Additionally, it added a full-time bike patrol in the downtown area and a TAC unit focusing on covert crime. In an effort to place renewed emphasis on crime reduction, the department applied for and was awarded several new grants to fund the procurement of equipment, personnel and programs.

The Fire Department added a new Training Officer position in fiscal year 2000. A generator was installed at Station #31 to provide full power in the event of an emergency. Station #31 was painted and certain offices were refurbished to accommodate reorganization. Rescue vehicle 31 was replaced with a more modern unit, manufactured locally at Medic Master/American La France.

During the year, the Stormwater Division of the Public Works Department purchased property and contracted for the construction of the retention pond of the Mill Creek IIIB drainage improvement project, with completion anticipated in the next fiscal year.

During the year, the Water and Sewer Utility Department was granted final approval for two loans from the State Revolving Fund through the Department of Environmental Protection to fund construction of a state-of-the-art

wastewater treatment facility located near the airport and various potable water projects within the City. Property was purchased for the wastewater treatment facility with construction to begin next fiscal year.

For the Future. Through the budget process, the City Commission has continued its commitment to maintaining or improving levels of service and promoting the health, safety and welfare of its citizens and enhancing the quality of life, through the appropriation of funds for the following major projects.

- ~~///~~ With Public Safety as its top priority, the City Commission provided funding to adjust salary levels in an effort to address recruitment and retention issues and to add ten new positions and required equipment in fiscal year 2001. Other positions and equipment will be added as anticipated grants are awarded during the year.
- ~~///~~ Salaries for all general employee positions are under consideration for adjustment based on market comparisons. Approximately one-half of the positions were reviewed in fiscal year 2000 with the remaining positions to be reviewed in fiscal year 2001.
- ~~///~~ The Commission continued its commitment to economic development with the appropriation of \$175,000 in additional funds in fiscal year 2001.
- ~~///~~ The Commission committed funds for midge eradication around Lake Monroe.
- ~~///~~ Restoration of Historic Sanford Memorial Stadium continues with projected completion in September 2001.
- ~~///~~ The Chase Park multi-purpose recreation facility will be completed and opened for use in fiscal year 2001.
- ~~///~~ The City Commission committed funding to be combined with donations from citizens for the renovation of Jaycee Park to a Paw Park.
- ~~///~~ With continued support from Seminole County, the City will reach the RFP stage for the Hotel/Conference Center to be located on the downtown waterfront at Fort Mellon Park. The Commission has committed funding for improvements to the park area surrounding the Hotel/Conference Center.
- ~~///~~ Under a public/private partnership arrangement between TBI and OSA, the domestic terminal project will be completed and opened. With the opening of the new domestic terminal, Pan Am will continue to expand domestic flights into and out of OSI.
- ~~///~~ The extension of St. Johns Parkway from Rhinehart road to Airport Blvd. (a.k.a., East-West connector) will continue with funding from the 1-cent sales tax funds available through Seminole County. Anticipated completion date of the project will be approximately 2 years.
- ~~///~~ The City will complete minor renovations to the Police Department and City Hall to accommodate increased staffing levels and provide more efficient customer service. The City will continue to improve the Wide Area Network to connect all outlying City facilities and enhance communications systems between City and County public safety operations.
- ~~///~~ The City will activate a new web site to provide easily accessible information about the City to interested parties. Some features of the site include job postings, downloadable forms and publications, City Commission agendas and minutes, a calendar of events, and a citizen action request form via e-mail. The web site may be viewed at www.ci.sanford.fl.us.
- ~~///~~ The Sea Wall repair project will begin at Memorial Park.
- ~~///~~ The City has committed LOGT funding for street lighting and traffic signal upgrades and a five-year sidewalk renewal and replacement project.

FINANCIAL INFORMATION

Management of the City of Sanford is responsible for establishing and maintaining internal controls that are designed to ensure that the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state and county financial assistance, the City of Sanford is responsible for ensuring that adequate internal controls are in place to ensure and document compliance with applicable laws and regulations related to those programs. These internal controls are subject to periodic evaluation by management, auditors from the grantor agencies, and independent auditors of the City.

As a part of the City's single audit, tests are made to determine the adequacy of internal controls, including that portion related to federal financial awards programs, as well as to determine that the City has complied with applicable laws and regulations. The results of the single audit for the fiscal year ended September 30, 2000, provided no instances of material weaknesses in internal controls or significant violations of applicable laws and regulations.

In addition, the City maintains extensive budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Commission. Activities of the General Fund, certain Special Revenue Funds, Debt Service Fund, certain Capital Project Funds, the Stormwater Fund, and the Water and Sewer Utility Fund are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is the fund level. The City also maintains an encumbrance accounting system as one method of maintaining budgetary control. Appropriations, except an appropriation for a specified major capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended.

As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

Remainder of page left intentionally blank.

General Government Functions. The following schedule (Schedule 1) presents a summary of revenues for the General Fund, Local Option Gas Tax Special Revenue Fund, and Debt Service Fund for the fiscal year ended September 30, 2000 and the amount and percentage increase or decrease in relation to prior year revenues. The Law Enforcement Trust Fund, which is not budgeted in accordance with applicable laws, Impact Fee Funds, which are budgeted only to the extent the Commission has approved capital projects, and the Stadium Renovation and East-West Connector Road Capital Projects Funds, which are short-term temporary funds created to track proceeds and expenditures allocated for those projects, are not included herein.

Schedule 1

BUDGETED GOVERNMENTAL FUNDS – REVENUE				
	FY 1999	FY 2000	\$ Increase (Decrease)	% Increase (Decrease)
Taxes	\$ 13,522,475	\$ 14,275,485	\$ 753,010	5.57%
Licenses and Permits	850,702	1,080,575	229,873	27.02%
Intergovernmental Revenues	4,512,991	3,928,410	(584,581)	(12.95)%
Charges for Services	1,053,536	4,066,573	3,013,037	285.99%
Fines and Forfeitures	217,476	204,801	(12,675)	(5.83)%
Contributions	26,945	6,688	(20,257)	(75.18)%
Interest	656,421	1,026,549	370,128	56.39%
Administrative Services	756,321	765,150	8,829	1.17%
Miscellaneous Revenue	103,425	303,558	200,133	193.51%
Totals	\$ 21,700,292	\$ 25,657,789	\$ 3,957,497	18.24%

Revenues in Schedule 1 increased 18.24% in fiscal year 2000. Tax revenues, a combination of four sources: property taxes, sales taxes, franchise fees and utility taxes, represent the largest portion of all revenues listed above. Current year ad valorem tax millage was reduced from 6.87 mills to 6.79 mills; however, ad valorem tax revenues increased 6.5% over the prior year due to new construction and increases in assessed values. Telecommunications tax revenue continued to increase, up 26.2%, as it has consistently done since the City repealed the 10% Utility Tax on local recurring service and implemented the 7% Utility Tax on all telecommunication services in September 1995. The remaining tax revenues experienced only moderate change.

Licenses and Permits revenue increased \$229,873, or 27.02%, over the prior year due to increased development activity within the City. Specifically, Occupational License and Building Permit revenue increased 10.8% and 39.7%, respectively. With the City’s anticipated growth over the next few years, Licenses and Permits revenue is projected to continue to increase. Intergovernmental Revenues decreased 12.95% in fiscal year 2000, attributable mainly to the prior year award of \$500,000 in CDBG funds for the construction of the Sanford Seminole Aquatic Center. Half-Cent Sales Tax and other State shared revenues were basically unchanged. Charges for Services increased 285.99% due to accounting for Solid Waste operations within the General Fund.

Fines and Forfeitures revenue decreased slightly, 5.83%, over fiscal year 1999 while contributions from private sources decreased 75.18% as a result of prior year contributions for repairs to the gazebo at Lakeview Cemetery. Miscellaneous revenues increased 193.51% due primarily to receipt of \$110,000 from a settlement with a lessee. Net interest income increased 56.39% as a result of an approximate 1% increase in interest rates and stronger cash position.

The following schedule (Schedule 2) presents a summary of expenditures for the General Fund, Local Option Gas Tax Special Revenue Fund, and Debt Service Fund for the fiscal year ended September 30, 2000 and the amount and percentage increase or decrease in relation to prior year amounts.

Schedule 2

BUDGETED GOVERNMENTAL FUNDS – EXPENDITURES				
	FY 1999	FY 2000	\$ Increase (Decrease)	% Increase (Decrease)
General Government	\$ 3,210,815	\$ 3,719,463	\$508,648	15.84%
Public Safety	9,461,730	9,935,823	474,093	5.01%
Transportation	3,149,264	2,575,798	(573,466)	(18.21)%
Physical Environment	0	2,627,814	2,627,814	
Economic Environment	0	51,500	51,500	
Human Services	17,812	73,175	55,363	310.82%
Culture/Recreation	3,514,251	4,146,799	632,548	18.00%
Debt Service:				
Principal Retirement	290,000	205,000	(85,000)	(29.31)%
Interest and Fiscal Charges	96,645	99,301	2,656	2.75%
Totals	\$ 19,740,517	\$ 23,434,673	\$ 3,694,156	18.71%

Fiscal Year 2000 activity produced an overall increase in the above expenditures of 18.71%. General Government expenditures increased 15.84% over the prior year, due to employee merit increases and personnel costs associated with additional authorized positions.

Public Safety costs increased 5.01%, due to additional personnel and associated salary, benefits, and operating costs. Transportation costs, including Local Option Gas Tax expenditures, decreased significantly, 18.21%, from the prior fiscal year due to escalated expenditures in fiscal year 1999 related to an aggressive paving and resurfacing program.

As a result of the 1999 privatization of the solid waste function, a new solid waste division was established in the Public Works department of the General Fund. Therefore, Physical Environment expenditures are included for the current year.

Economic Environment expenditures represent aid to local organizations including the Sanford/Seminole Chamber of Commerce and Sanford MainStreet. Human Service expenditures relate to midge control along Lake Monroe.

Culture/Recreation expenditures increased 18.00% as several major recreation facility renovations continued including the City of Sanford Community Pool and Chase Park Multi-Purpose Recreation Facility. Debt Service expenditures were for payments on the 1989 Certificates of Participation and the 2000 Special Facility (Historic Sanford Memorial Stadium) Revenue Bond.

General Fund Balance. The fund balance of the General Fund at September 30, 2000 was \$13,970,245, representing an increase over 1999 of \$2,219,338. Included in the 2000 fund balance is \$1,780,384 reserved for capital projects begun but not yet completed, \$54,636 for inventory, \$2,052 for prepaid expenditures, and \$309,200 for potential landfill closure cost. After deduction of these reservations, an undesignated fund balance of \$11,823,973 remains, representing 52.5% of fiscal year 2000 operating expenditures (before transfers) or approximately 6 months of operating cost.

Enterprise Operations. As of September 30, 2000, the City's enterprise operations consisted of three separate and distinct activities: the Water and Sewer Utility Fund, the Stormwater Utility Fund and the Airport Authority.

Operating revenues in the Water and Sewer Utility Fund remained basically static, 0.6% decrease, from fiscal year 1999. Operating expenses increased slightly, \$106,839 or 1.4%, while capital expenditures and acquisitions increased more significantly, 20.2%, due mainly to contributions from developers which totaled approximately \$4,485,000 for the current fiscal year.

Operating revenues in the Stormwater Utility Fund were also basically unchanged from the prior year. Stormwater service charges are based on a flat rate (\$4 per ERU), while water & sewer charges are based on customer usage. Capital outlay expenditures were down as no major projects occurred during the year; however, the City placed \$950,000 in escrow for disbursement at the end of the contract for retention pond construction for the Mill Creek IIIB project. This disbursement is anticipated in fiscal year 2001.

Pension Trust Funds. Pension plan assets are recorded at fair value for the Police, Fire, and General Employees' Retirement Funds. Annuity payments to retirees increased by \$144,973 due to continued retirement of Police Officers and Firefighters. Refunds of contributions to terminating employees, those with less than ten years service and therefore not vested in the system, decreased \$64,634. Net plan assets held in trust increased \$1,793,204, or 5.7%.

Sanford Airport Authority. Operating revenues for the Airport Authority increased \$1,007,665, or 33.2%, over the prior fiscal year due to an increase in industrial park revenues, aviation rents, and domestic terminal revenues. The Authority experienced current year operating income before depreciation of \$806,000 due to the aforementioned revenue increases and an approximate \$300,000 decrease in operating expenses. The net effect of the Authority operations for the fiscal year was an increase in Retained Earnings of approximately \$177,000.

Community Redevelopment Agency. The Community Redevelopment Agency reported revenues from ad valorem taxes of \$500,902 and interest earnings of \$25,032. Expenditures were \$502,375 for debt service and paying agent fees on the series 1994A bonds. No funds were available for payment on the series 1994B bonds.

Debt Administration. As of September 30, 2000, Sanford continues to have no general obligation bonded debt

outstanding. Governmental Funds had a liability for compensated absences of \$912,430 for vested sick and vacation leave benefits, \$86,095 as a current liability and \$826,335 as a long term liability recorded in the General Long Term Debt Account Group.

During the current year, the City issued Special Facility Revenue Bonds Series 2000 for \$1,750,000 with an interest rate of 5.6%. The funds are to be used for the completion of renovations to Historic Sanford Memorial Stadium. A payment of \$21,506 for interest only was made during the fiscal year.

During fiscal year 1990, the City issued \$3,385,000 of Certificates of Participation. Funds were used to purchase necessary capital equipment for use in the General Fund and Solid Waste Fund. This debt was issued for a 15-year term. The City of Sanford Finance Corporation, of which the City Commission is the Board of Directors, was established to issue the debt and lease the equipment to the City. Lease payments made on this debt in 2000 were \$282,795 consisting of principal of \$205,000 and interest of \$77,795. The City anticipates a call on the outstanding COP's in fiscal year 2001.

The Community Redevelopment Agency of the City of Sanford (a discretely presented component unit) issued Revenue Bonds Series 1994A for \$6,000,000 dated August 1, 1994. Series 1994B Bonds totaling \$1,100,000 were issued on October 18, 1994. Of the remaining \$2,900,000 authorized but unissued bonds, \$1,200,000 have been cancelled. A principal payment of \$165,000 and interest payments and fiscal charges of \$337,375 were made on the Series 1994A bonds during the year.

During fiscal year 1994, the City issued \$25,605,000 in Water and Sewer Refunding Revenue Bonds, Series 1993 with interest rates from 2.75% to 5.25%. These bonds were issued to defease the outstanding Series 1986, Series 1989 and Series 1991 bonds and to pay costs of issuance of the Series 1993 Bonds, including the municipal bond insurance premium. On September 30, 2000, the net Enterprise Fund Revenue Bonds outstanding were \$30,683,652 payable solely from and secured by the net revenue derived from the operations of the System and Water and Sewer System Development Charges. All bonds were fully insured and rated AAA by Standard & Poor's Corporation and Aaa by Moody's Investors Service.

The City has been granted four Department of Environmental Protection State Revolving Fund Loans. These loans consist of SRF 150 for \$1,712,730 in fiscal year 1991; SRF 170 for \$4,929,600 in fiscal year 1992 (increased to \$5,790,256 in fiscal year 1993); SRF 210 for \$1,565,000 in fiscal year 1993; SRF 190 for \$500,166 in fiscal year 1994. SRF 150 was used for construction of a master pumping station. SRF 170 was used toward the Seasonal Discharge System, Wastewater Treatment Plant Expansion and Westerly Interceptor Contract I. SRF 210 was used solely for the Westerly Interceptor Project and SRF 190 was used solely for the Site 10 project. These are low interest loans with rates approximately 3% below the market rate for general obligation bonds as set by the Bond Buyer's 20-year bond Index. Additionally, during the current fiscal year, the City began drawdowns on a reimbursable basis for two additional SRF loans to fund construction of the state-of-the-art wastewater treatment facility and various potable water relocation projects. The two new loans will total approximately \$27 million at completion of the projects, which is anticipated in fiscal year 2003. Outstanding principal on existing and new SRF loans at September 30, 2000 was \$9,066,509.

During fiscal year 1998, the City authorized the issuance of a Stormwater Revenue Bond, Series 1998, not to exceed \$4,200,000 for a term of 15 years, with a fixed interest rate of 4.45%. Funds totaling \$3,653,500 were drawn against the authorized bond leaving an available balance of \$546,500 for future projects. The draw was

used to fund the Second Street Stormwater Drainage Improvement Project and certain phases of the Mill Creek drainage improvement project. A balance of \$3,296,725 was outstanding at September 30, 2000.

Cash Management. Cash, other than that of pension trust funds, temporarily idle during the year was invested in the State Board of Administration of Florida (SBA). Total interest earned from the SBA for all funds for the fiscal year was \$2,301,388 with interest rates ranging from 5.51% to 6.61%, with an average rate of 6.12%. Total SBA investments for the primary government only at September 30, 2000 was \$40,967,716. SBA's portfolio for local governments does not use leverage in its investing practices nor does it own derivatives. Investment instruments typically have a fairly short average maturity, reducing interest rate sensitivity. SBA's pool was comprised of 753 local government participants with total investments of \$13.94 billion at June 30, 2000, the pool's fiscal year end.

The Police Officers', Firefighters' and General Employees' Retirement Fund investments are managed by Trusco Capital Management. The investment portfolios include mutual funds investing in domestic stocks, corporate bonds, and U.S. Treasury Bonds with a combined market value of \$32,417,696 at September 30, 2000. The total rate of investment return net of investment expenses for fiscal year 2000 was 6.8% for the Police Officers' Fund, 6.3% for the Firefighters' Fund, and 7.2% for the General Employees' Retirement Fund.

Risk Management. The City is self insured for workers' compensation with a deductible of \$150,000 per incident, but carries catastrophic workers' compensation insurance coverage for claims up to the statutory limit. Employee medical and life insurance is obtained through Prudential Insurance Company. Currently the City is self-insured for all property damage to City vehicles costing less than \$50,000. All general and auto liability and property insurance is obtained through the Florida League of Cities Self-Insurance Pool. General liability and auto liability insurance has a \$25,000 deductible per claim. Other insurance coverage has deductibles varying from \$500 to \$10,000. Self-Insurance is administered through an Internal Service Fund.

OTHER INFORMATION

Independent Audit. State statutes and local ordinances require an annual audit by independent certified public accountants. The accounting firm of Greene, Dycus & Co., P.A. performs the City's audit. In addition to meeting the requirements set forth in state statutes and local ordinances, the audit also was designed to meet the requirements of the federal Single Audit Act of 1996 and related OMB Circular A-133. Generally accepted auditing standards and the standards set forth in the General Accounting Office's *Government Auditing Standards* were used by the auditors in conducting the engagement. The auditors' report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the Compliance section.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sanford for its comprehensive annual financial report for the fiscal year ended September 30, 1999. This was the eleventh consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are

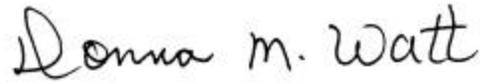

submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report as does our accounting firm, Greene, Dycus & Co. P.A. We would also like to acknowledge the Mayor and City Commission for their continued support and adoption of sound fiscal policy for the financial operations of the City.

Respectfully submitted,

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Sanford,
Florida

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
September 30, 1999

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, City Commissioners
and City Manager
City of Sanford, Florida

We have audited the accompanying general-purpose financial statements and the combining and individual fund and account group financial statements of the City of Sanford, Florida, as of and for the year ended September 30, 2000 as listed in the table of contents. These financial statements are the responsibility of the City of Sanford, Florida's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Sanford Airport Authority which statements represent 100% of the assets and revenues of the Component Unit-Airport Authority column. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the Sanford Airport Authority, is based on the report of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of other auditors, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the City of Sanford, Florida, as of September 30, 2000, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund and account group financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds and account groups of the City of Sanford, Florida, as of September 30, 2000, and the results of operations of such funds and the cash flows of individual proprietary fund types for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2000 on our consideration of the City of Sanford, Florida's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

As discussed in Note 18 to the general-purpose financial statements, the City may be liable for a portion of the cost of investigation and clean up of environmental contamination caused by a manufactured gas plant. The ultimate cost to the City resulting from the above action cannot presently be determined. Accordingly, no provision for any liability that may result from this matter has been made in the accompanying financial statements.

The required supplemental information as listed in the table of contents is not a required part of the general-purpose financial statements or the combining and individual fund and account group financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements of the City of Sanford, Florida taken as a whole and on the combining and individual fund and account group financial statements. The accompanying Schedule of Expenditures of Federal Awards and Schedule of Federal Guaranteed Loans are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and are not a required part of the financial statements of the City of Sanford, Florida. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose, combining and individual fund and account group financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements of each of the respective individual funds and account groups taken as a whole.

The information presented in the statistical section is presented for purposes of additional analysis and is not a required part of the general-purpose financial statements or the combining and individual fund and account group financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the general-purpose financial statements or the combining and individual fund and account group financial statements and, accordingly, we express no opinion on it.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS

Year Ended September 30, 2000

1. Summary of Significant Accounting Policies:

The City of Sanford, Florida is a political subdivision of the State of Florida located in Seminole County. The legislative branch of the City is composed of a five member elected Commission, including a citywide elected Mayor.

The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager.

The accounting policies of the City of Sanford, Florida conform to generally accepted accounting principles as applicable to governments as established by the Governmental Accounting Standards Board. The following is a summary of the more significant policies.

A. Reporting Entity:

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The reporting entity's financial statements should allow users to distinguish between the primary government (the City) and its component units. However, some component units, because of the closeness of their relationships with the City, should be blended as if they were part of the City. Otherwise, most component units should be discretely presented. To accomplish this goal, the City's financial statements present the fund types and account groups of the City, including a component unit that has been blended, and provides an overview of the discretely presented component units in separate columns.

As required by generally accepted accounting principles, the financial reporting entity consists of (1) the primary government (the City), (2) organizations for which the City is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The City is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City. The City may be financially accountable if an organization has (a) a separately elected governing board, (b) a governing board appointed by a higher level of government, or (c) a jointly appointed board. Based on these criteria, City management examined all organizations that were legally separate in order to determine which organizations, if any, should be included in the City's financial statements. Management determined that the Finance Corporation, the Community Redevelopment Agency, and the Sanford Airport Authority (the "Airport Authority") were the only organizations that should be included in the City's financial statements as component units. If no separate note reference is made, the user should assume that information presented is equally applicable to both the primary government and the discretely presented component units.

Based upon a review of these criteria, the following is a brief review of units addressed in defining the City's reporting entity.

(1) Blended Component Unit:

City of Sanford Finance Corporation - The City of Sanford Finance Corporation was established under Resolution No. 1568 of the City Commission of the City of Sanford, Florida as a not-for-profit corporation incorporated in 1989 under the provisions of the not-for-profit corporation law of the State of Florida. The City Commission and Mayor are the members of the Board of Directors. The transactions of the corporation are accounted for within the City's applicable fund types.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. **Summary of Significant Accounting Policies - Continued:**

A. **Reporting Entity - Continued:**

(2) Discretely Presented Component Units:

Sanford Airport Authority - The Sanford Airport Authority was established under Florida Statutes Chapter 71-924 and Resolution No. 1315 of the City Commission of the City of Sanford, Florida. The City Commission appoints all members of the Board of Directors of the Authority and approves the Authority's annual operating budget as well as any budget adjustments or amendments. Separate financial statements of the Sanford Airport Authority can be obtained from the Authority.

Community Redevelopment Agency - The City of Sanford Community Redevelopment Agency (Sanford CRA) was established to enhance selected areas of the City. The Seminole Towne Center, Lake Monroe Waterfront and Downtown Sanford Community Redevelopment areas are the currently active projects undertaken by the City. The Sanford CRA is comprised of a five member board. Three members are nominated and appointed by the City of Sanford Commission and two members are nominated by the Board of County Commissioners of Seminole County and appointed by the City of Sanford Commission. The Sanford CRA district known as Seminole Towne Center was established in 1993 with the City of Sanford Commission as the agency. The Sanford CRA's financial records were presented as a blended component unit of the City, since only the City provided tax increment revenue. In 1996 the Lake Monroe Waterfront and Downtown district was expanded by interlocal agreement with Seminole County. Currently, the City and Seminole County provide tax increment revenue to the Sanford CRA. The composition of the five member board was changed to allow for appointment of two members by Seminole County. The City of Sanford Commission confirms the appointments made by Seminole County. Financial statement presentation was changed to present the Sanford CRA as a discretely presented component unit. Taxes are to be used for payment of infrastructure improvement projects and debt service on loans. Financial records are maintained by the City. No separate financial statements are prepared for the Agency.

(3) Excluded from the reporting entity:

Sanford Housing Authority - The Sanford Housing Authority exists under authorization of the Laws of the State of Florida and under Resolution No. 603 of the City Commission of the City of Sanford, Florida. The City of Sanford provides no funding to the Housing Authority, has no ability to exercise influence over daily operations and does not approve budgets or have rights to Authority surpluses. All five members of the governing body are appointed by the Mayor with the approval of the City Commission.

B. **Fund Accounting:**

The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds, based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The purpose of the City's various funds and account groups are as follows:

Governmental Funds:

General Fund - The General Fund is the general operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. Summary of Significant Accounting Policies - Continued:

B. Fund Accounting - Continued:

Governmental Funds:

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The City has eight Special Revenue Funds: the Local Option Gas Tax Fund, the Law Enforcement Trust Fund, the Community Development Block Grant Fund, the Other Grants Fund, the Recreation Facilities Impact Fees Fund, the Fire Public Safety Facilities Impact Fees Fund, Police Public Safety Facilities Impact Fees Fund and the Police Education Fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for the payment of general long-term debt principal, interest and related costs. The City has one Debt Service Fund used to account for Certificates of Participation and Special Facilities Revenue Bond.

Capital Projects Funds - The Capital Projects Funds are used to account for financial resources earmarked for the acquisition or construction of major capital facilities and other project oriented activities (other than those financed by proprietary funds).

Component Unit - Sanford CRA - Component Unit - Sanford CRA is used to account for financial resources of the Seminole Towne Center CRA Bonds Trust Fund and the Lake Monroe Waterfront and Downtown Sanford Community Redevelopment Trust Fund. Fixed assets are constructed with the proceeds and donated to the primary government. This component unit is presented as a discrete component unit in the accompanying financial statements.

Proprietary Funds:

Enterprise Funds - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. These funds consist of the Water and Sewer Fund and the Stormwater Fund.

Internal Service Funds - Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City has one Internal Service Fund used to account for the City's risk management activities.

Component Unit - Airport Authority - Component Unit - Airport Authority is used to account for the related discretely presented component unit activity.

Fiduciary Funds:

Trust Funds - Trust Funds are used to account for assets held by the City in a trustee capacity. The City has two expendable trust funds; the Cemetery Fund and the Termination Benefit Reserve Fund. Also, it has three pension trust funds; the Police Officers' Retirement System Fund, the Firefighters' Retirement System Fund and the General Employees' Retirement System Fund.

Account Groups:

General Fixed Assets - The general fixed asset account group is used to account for all fixed assets of the City, except fixed assets of the City's proprietary funds.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. Summary of Significant Accounting Policies - Continued:

B. Fund Accounting - Continued:

Account Groups:

General Long Term Debt - The general long-term debt account group is used to account for all the outstanding principal balances of any general or special obligation debt, notes payable, or compensated absences of the City, except long-term debt of the City's proprietary funds and closure post-maintenance costs associated with the Art Lane landfill.

C. Measurement Focus:

Governmental Fund Types - General, Special Revenue, Debt Service and Capital Projects Funds are accounted for on a "flow of current financial resources" measurement focus. This means that generally only current assets and current liabilities are included on the balance sheets. Accordingly, the reported undesignated fund balances (net current assets) are considered a measure of available, spendable or appropriable resources. Governmental Fund Type operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Proprietary Fund Types - Enterprise and Internal Service Funds are accounted for on a "flow of economic resources" measurement focus. Accordingly, all assets and liabilities are included on their balance sheets, and the reported fund equity (total reported assets, less total reported liabilities) provides an indication of the economic net worth of the fund. Operating statements for Proprietary Fund Types (on a flow of economic resources measurement focus) report increases (revenues) and decreases (expenses) in total economic net worth.

Fiduciary Fund Types - The Expendable Trust Funds are accounted for in essentially the same manner as governmental funds. The Pension Trust Funds are accounted for in essentially the same manner as proprietary funds.

Account Groups - The General Long-Term Debt and General Fixed Assets Account Groups are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations.

D. Basis of Accounting:

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All Governmental Funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. Revenues susceptible to accrual include intergovernmental revenues, charges for services, and investment earnings. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. The exception to this general rule is principal and interest on general long-term debt which is recognized when due.

All Proprietary Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. **Summary of Significant Accounting Policies - Continued:**

D. Basis of Accounting - Continued:

All Pension Trust Funds are accounted for using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to each plan are recognized when due and the City has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

The Expendable Trust Funds are accounted for on the modified accrual basis of accounting.

E. GASB Statement No. 20 Election:

Pursuant to the election option made available by GASB Statement No. 20, pronouncements of the Financial Accounting Standards Board (FASB) issued after November 30, 1989 are not applied in the preparation of the financial statements of the proprietary fund types.

F. Cash and Cash Equivalents:

The Enterprise Funds, Internal Service Fund and the discretely presented Component Unit-Airport Authority consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

G. Receivables:

- (1) Property Taxes Receivable - Under Florida law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State Statutes permit municipalities to levy property taxes at a rate up to 10 mills. The millage rate assessed by the City for the fiscal year ended September 30, 2000 was 6.7900 mills.

All real and tangible personal property taxes are due and payable on November 1 of each year or as soon thereafter as the assessment roll is certified by the Seminole County Property Appraiser (levy date). Seminole County mails to each property owner on the assessment roll a notice of the taxes due, and the county also collects the taxes for the City. Taxes may be paid upon receipt of such notice from the county, with discounts at the rate of four percent (4%) if paid in the month of November, three percent (3%) if paid in the month of December, two percent (2%) if paid in the month of January, and one percent (1%) if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent on April 1 of the year following the year in which taxes were assessed.

Prior to May 1 of each year, immediately following the year of assessment, the county advertises a list of delinquent personal property taxpayers. Warrants are issued directing seizure and sale of the personal property of the taxpayer if the delinquent personal property taxes are not paid. On or before June 1 (lien date), of the year following the year in which taxes were assessed, tax certificates are sold on all real estate parcels with outstanding real property taxes. These parcels are advertised once a week for four weeks prior to the tax certificate sale.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. **Summary of Significant Accounting Policies - Continued:**

G. Receivables - Continued:

City property tax revenues are recognized when levied to the extent that they result in current receivables. Delinquent taxes receivable that are measurable, but not available as of the end of the fiscal year, are reflected as deferred revenues if material. The deferred revenues are recognized as revenue in the fiscal year they become measurable and available as net current assets.

- (2) Accounts Receivable - The Water and Sewer Fund and solid waste operating revenues are generally recognized on the basis of cycle billings rendered monthly. Revenues for services delivered during the last month of the applicable reporting period for meters that have not been read are accrued based on meter readings for the applicable consumption taken at the beginning of the succeeding month. Stormwater Fund billings are rendered monthly for the month's services.

H. Inventories:

All inventories are stated at cost on the basis of the "first-in, first-out" method of accounting. The effect of this method is to flow costs through operations in the order in which they are purchased and to assign a balance sheet cost that reflects current replacement values.

Inventories for the General Fund consist of expendable supplies held for consumption. This cost is recorded as an expenditure at the time inventory items are used (consumption method). Reported inventories are equally offset by a Fund balance reserve that indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

I. Fixed Assets:

- (1) General Fixed Assets - Fixed assets purchased in the Governmental Fund Types are recorded as capital outlay expenditures at the time of purchase. Such assets are capitalized at cost in the General Fixed Assets Account Group, except for certain improvements other than buildings ("infrastructure") such as roads and bridges, streets and sidewalks, and lighting systems. Gifts or contributions of fixed assets are recorded in the general fixed assets at fair market value at the time received. No depreciation has been provided on general fixed assets.
- (2) Proprietary Fund and Component Unit Fixed Assets - The fixed assets purchased in the Proprietary Fund Types are capitalized at cost when purchased. Contributed fixed assets are capitalized at their fair market value at the date received. Depreciation is provided using the straight-line method over the estimated useful lives of the various classes of depreciable assets. The City's depreciation policy begins recognition of the expense in the month of the acquisition of the asset.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. **Summary of Significant Accounting Policies - Continued:**

I. Fixed Assets - Continued:

The estimated useful lives of the various classes of depreciable assets are as follows:

<u>Assets</u>	<u>Years</u>
Buildings	30-60
Streets (Airport Authority)	20-40
Improvements other than buildings	30-60
Water and Sewer System	60
Stormwater Management System	40
Equipment	5-20
ILS System (Airport Authority)	30

Gains or losses on disposal of fixed assets are included in income in the period of disposal.

With the creation of the Stormwater Utility Fund in 1991, the City had a need to establish an asset balance for this enterprise fund. Because these assets are infrastructure in nature and have not been historically booked within the General Fixed Asset Account Group, the City had to establish the initial asset valuation and the related accumulated depreciation. Accordingly, assets were valued at a current replacement value, discounted back to their estimated acquisition date and any accumulated depreciation was then established over a straight-line basis for 40 years. The City believes that this estimated historical cost is an equitable basis for initially establishing the asset base for this enterprise fund.

J. Irrigation Right:

The City entered into an interlocal agreement with another city to facilitate disposal of reclaimed water by spray irrigation. The City paid a proprietary fee of \$2,220,000 for an irrigation right to utilize the other city's irrigation facility. The irrigation right is for a period of twenty-five years, beginning July 1, 1991. The irrigation right is being amortized on a straight-line basis over the life of the right. Accumulated amortization at September 30, 2000 and amortization expense for the fiscal year ended September 30, 2000 are \$821,400 and \$88,800, respectively.

K. Contributions:

Contributions accounted for in the Enterprise Funds, as applicable, represent outside contributions from the City's General Fund, other City funds, the U.S. Government, federal aid programs, and water and sewer development charges to customers for initial hook-up to the utility system. Depreciation expense on contributions, representing depreciation on donated fixed assets or on fixed asset additions financed by contributions, is reflected in the statement of revenues, expenses and changes in retained earnings. In the Airport Authority, a component unit, depreciation on contributed fixed assets is transferred to the related contribution account (reducing contributions) instead of retained earnings.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. Summary of Significant Accounting Policies - Continued:

L. Compensated Absences:

It is the City's policy to grant all permanent full-time and part-time employees annual leave based upon the number of years of employment with the City. Employees are encouraged to use annual leave in the year it is earned. Employees accrue annual leave at a rate of 10 days per year for the first 10 years of service and at a rate of 15 days per year after 10 years of service. Upon termination in good standing or retirement, employees are paid for accrued annual leave up to a maximum of 22.5 days. Public Safety employees accrue sick and annual leave on a pro-rata basis, using 2080 annual hours as the base. Sick leave is accumulated at a rate of 1.25 workdays per month. Employees may accrue sick time benefits with no restriction as to maximum amount. Upon termination in good standing, an employee is entitled to a cash benefit of 1/8th of accrued sick leave. Upon retirement, an employee is entitled to a cash benefit of 100% of accrued sick leave. Both cash benefits are subject to the limits of the maximum accumulated sick leave of 30 days for up to 5 years services, 60 days for 5 to 10 years services, or 90 days over 10 years services.

The City records compensated absences in the Governmental Fund Types as an expenditure for the amount accrued during the year that would normally be liquidated with expendable, available financial resources. The long-term portion of the liability is reported in the General Long-Term Debt Account Group. Proprietary Fund Types and the discretely presented Component Unit-Airport Authority accrue compensated absences in the period they are earned. The City has a Termination Benefit Fund (accounted for as an expendable trust fund) as a reserve to fund those departments with retiring employees. The money is transferred from the terminated benefit fund to the appropriate fund from which it is to be expended.

M. Unamortized Bond Issuance Costs:

Bond issuance costs, for the Water and Sewer Revenue Bonds, are being amortized over the life of the bonds using the interest method of amortization. Bond issue costs for the Stormwater Revenue Bonds are amortized over the life of the bond, using straight line amortization.

N. Unamortized Bond Discounts:

Bond discounts associated with the issuance of Water and Sewer Revenue Bonds are amortized over the life of the bonds using the interest method of amortization. For financial reporting, unamortized bond discount is netted against applicable long-term debt.

O. Deferred Revenues:

Deferred revenues reported on applicable Governmental Fund Types represent unearned revenues or revenues which are measurable but not available. The deferred revenues will be recognized as revenue in the fiscal year they are earned or become available. The Proprietary Fund Types reported deferred revenue represents advance collection of funds for services to be provided in future reporting periods.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. Summary of Significant Accounting Policies - Continued:

P. Budgets and Budgetary Accounting:

The following procedures are used to establish the budgetary data reflected in the financial statements:

- (1) Prior to July 1 of each year, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) Prior to October 1, the budget is legally enacted through passage of a resolution.
- (4) Formal budgetary integration is employed as a management control device during the year for all funds which have a legally adopted budget including the General Fund, Local Option Gas Tax Fund, Debt Service Fund, Water and Sewer Fund, and Stormwater Fund.
- (5) Revisions made to the original budget for fiscal year ended September 30, 2000 by the City were as follows:

	Original Budget	Total Revisions	Revised Budget
Primary Government			
General Fund	\$ 23,645,119	\$ 2,661,114	\$ 26,306,234
Special Revenue Funds:			
Local Option Gas Tax	1,516,362	124,073	1,640,435
Debt Service Fund:	282,795	21,506	304,301
Capital Projects Fund:			
Stadium Renovation	-	1,778,000	1,778,000
Enterprise Funds:			
Water and Sewer	9,971,257	3,720,975	13,692,232
Stormwater	3,581,380	18,146	3,599,526
 Total Primary Government	 \$ 38,996,913	 \$ 8,323,814	 \$ 47,320,728

- (6) Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- (7) The City Manager is authorized by the Commission to transfer budgeted funds within and/or between departments, offices, or agencies. At any time during the fiscal year, the City Manager may transfer part or all of any unencumbered appropriation among programs within and/or between departments. The classification detail at which expenditures may not legally exceed appropriations is at the fund level.
- (8) Every appropriation and encumbrance, except an appropriation and/or encumbrance for a specified major capital expenditure, shall lapse at the close of the fiscal year to the extent that it has not been expended.

P. Budgets and Budgetary Accounting - Continued:

(9) The following is a comparison of appropriations by fund to expenditures/expenses for the fiscal year ended September 30, 2000:

	(*) <u>Total Fund Appropriations</u>	<u>Expenses (Excluding Depreciation)</u>	<u>Variance Favorable (Unfavorable)</u>
<u>Primary Government</u>			
General Fund	\$ 26,306,234	\$ 22,855,089	\$ 3,451,145
Special Revenue Fund:			
Local Option Gas Tax	1,640,435	625,314	1,015,121
Debt Service Fund:	304,301	304,301	-
Capital Projects Funds:			
Stadium Renovation	1,778,000	7,284	1,770,716
East-West Connector Road	-	160,805	(160,805)
Enterprise Funds:			
Water and Sewer	8,449,231	7,857,606	591,625
Stormwater	<u>1,063,489</u>	<u>910,052</u>	<u>153,437</u>
Total Primary Government	<u>\$ 39,541,690</u>	<u>\$ 32,720,451</u>	<u>\$ 6,821,239</u>

(*) Excludes contingency, capital outlay and debt costs for enterprise funds.

(**) Includes only the operating fund.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. Summary of Significant Accounting Policies - Continued:

P. Budgets and Budgetary Accounting - Continued:

(10) As discussed in (4) above, not all special revenue funds have a formal budgetary integration. Accordingly, a reconciliation of special revenue funds between the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual and the Combined Statement of Revenues, Expenditures and Changes in Fund Balances follows:

	Special Revenue Funds - Actual For Fiscal Year Ended September 30, 2000		
	Budgeted	Non-Budgeted	Total
Revenues	\$ 864,072	\$ 1,098,881	\$ 1,962,953
Expenditures	625,314	380,031	1,005,345
Excess of Revenues Over Expenditures	238,758	718,850	957,608
Other Financing Sources (Uses)	-	(291,701)	(291,701)
Excess (Deficiency) of Revenues and Other Sources Over (Under) Expenditures and Other Uses	238,758	427,149	665,907
Fund Balances, September 30, 1999	672,722	1,446,387	2,119,109
Fund Balances, September 30, 2000	\$ 911,480	\$ 1,873,536	\$ 2,785,016

Q. Accrued Closure Costs:

The City is required to provide closure and post-closure maintenance for the Art Lane Landfill. The City is recognizing in the General Long-term Debt Account Group, a provision for closure post-maintenance costs.

R. Capitalization of Interest:

In accordance with the Statements of Financial Accounting Standards (SFAS) 34 and 62, issued by the Financial Accounting Standards Board (FASB), the City has adopted the policy of capitalizing net interest costs (interest expense less any interest earned on the investment of bond proceeds) during the period of project construction.

During 2000, interest capitalized by the primary government, Water and Sewer Enterprise Fund was \$41,090. The discretely presented Component Unit-Airport Authority capitalized no interest in 2000.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

1. **Summary of Significant Accounting Policies - Continued:**

S. **Post Employment Benefits:**

The City pays health and life insurance of retirees if they meet certain eligibility requirements. The City records the cost of this plan on a "pay-as-you-go" basis. This results in current insurance payments being recorded as expenditures or expenses in the financial statements in the period the insurance is paid. It is the City's policy to pay these premiums on a monthly basis in the period the insurance services were provided.

T. **Total Columns on Combined Statements - Overview:**

Total columns on the combined statements - overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

2. **Cash and Investments:**

The City maintains cash and cash equivalent pools that are available for use by all funds except those whose cash and cash equivalents must be segregated due to bond covenants or other legal restrictions and the Pension Trust Funds.

Cash and Cash Equivalents - Cash and cash equivalents are carried at cost. Demand deposits and money market accounts are insured by federal depository insurance up to \$100,000 of the aggregate account balances for each entity. Amounts in excess of \$100,000 are fully insured by U.S. Government securities held in the Public Deposit Security Trust Fund maintained and monitored by the Treasurer of the State of Florida. Demand deposits, cash on deposit balances at September 30, 2000 for the primary government, the Component Unit-Airport Authority and Component Unit-Sanford CRA were \$1,209,576, \$553,556 and \$0, respectively.

Investments - The City Charter, Florida Statutes and bond resolutions authorize the City to invest in direct obligations of the United States of America, obligations of federal agencies and instrumentalities of the United States of America, certificates of deposit, money market funds, and the Florida State Board of Administration's Local Government Surplus Funds Trust Fund. The Local Government Surplus Funds Trust Fund is a 2a-7 like pool and, in accordance with GASB Statement 31, the City's balances are reported at amortized cost which is used for financial reporting. Investments other than the Local Government Surplus Funds Trust Fund are stated at fair value. During the current fiscal year, the City's investments were limited to U.S. Government Obligations, the Local Government Surplus Funds Trust Fund and money market accounts. The Local Government Surplus Funds Trust Fund is similar to a mutual fund in that funds are available on a same day basis. As of September 30, 2000, the Local Government Surplus Funds Trust Fund had approximately 753 local government participants with total investments of approximately \$13,940 billion. The portfolio's average maturity was 35 days. The fair value of the Local Government Surplus Funds Trust Fund is the same as the City's value of the pool.

Cash and cash equivalents and investments of the Pension Trust Funds are held separately from those of other City funds. In accordance with GASB Statement 25, related to pension reporting, the Pension Trust Fund investments are stated at fair value. The investment portfolios for these funds at September 30, 2000 and for the year then ended include mutual funds investing in obligations of U.S. Treasury and corporate stocks. These investments were held by a bank's trust department in the City's name.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

2. Cash and Investments - Continued:

At year-end, the City's investments are categorized to give an indication of the level of risk assumed by the City. Category 1 includes investments that are insured or registered or for which the securities are held by the City or its agent in the City's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterpart's trust department or agent in the City's name. Category 3 includes investments that are uninsured and unregistered for which the securities are held by the counterpart's trust department or agent but not in the City's name. Investments in the Local Government Surplus Funds Trust Fund, mutual funds and money market funds are not required to be categorized since the investments are not evidenced by securities that exist in physical or book entry form. Therefore, at September 30, 2000, all of the City's investments are not required to be categorized.

The Sanford CRA, a component unit, invests solely in the Local Government Surplus Funds Trust Fund. The component unit utilizes the City's investment policies and strategies. Therefore, no classification is required.

The following is a summary of the City's cash and investments.

	Carrying Amount	Fair Value
<u>Primary Government</u>		
Pension Funds:		
Mutual funds money market	\$ 19,529,920	\$ 19,529,920
Mutual funds investing in domestic stocks	4,488,101	4,488,101
Mutual fund investing in corporate and U.S. treasury bonds	8,399,675	8,399,675
Total pension funds	32,417,696	32,417,696
Local Government Surplus Funds Trust Fund	40,967,716	40,967,716

Year Ended September 30, 2000

6. Operating Lease:

A. Long-Term Ground Lease:

The City of Sanford is the lessor on numerous building and land leases. The land leases are generally non-cancelable leases ranging from 10 to 75 years. The land lease rental income, which comprises the largest amount of rental income for the City, is based on gross revenue of the lease. The building leases are low rent agreements, usually with non-profit agencies offering public services. In fiscal year 2000, the total lease rental income received in the General Fund and the Enterprise Funds was \$165,790 and \$28,056, respectively.

B. Long-Term Airport Lease:

In August 1996, the City entered into a lease agreement with the Sanford Airport Authority (lessee) for the control and operations of the Airport. No payments are required to be made under the terms of the lease. The City grants the Authority the exclusive right and jurisdiction to occupy, operate, control, maintain and use the Airport for a term of thirty-five years.

C. Airport Authority Operating Leases:

The Airport Authority, a component unit, is the lessor on numerous building, office and land leases. The T-hanger and some office facility leases are primarily month-to-month cancelable leases. The building and land leases are generally noncancelable leases with terms ranging from one to twenty years. The following is a schedule of minimum future rentals on noncancelable operating leases:

Year Ending September 30,

2001	\$ 1,842,599
2002	1,596,668
2003	1,400,518
2004	1,119,482
2005	724,482
Thereafter	<u>12,569,674</u>
	<u><u>\$ 19,253,423</u></u>

The following is a schedule of approximate cost or carrying value and accumulated depreciation of property under operating leases:

Land	\$ 23,000
Buildings and improvements	<u>14,600,000</u>
	14,623,000
Less Accumulated Depreciation	<u>(9,500,000)</u>
	<u><u>\$ 5,123,000</u></u>

Total income on noncancelable leases for the year ended September 30, 2000 was approximately \$1,690,956.

CITY OF SANFORD, FLORIDA

7. Enterprise Fund Bonds Payable:

A. Defeasance of Debt:

Refunding provides for an irrevocable deposit with an escrow agent (a third party banking institution) of sufficient funds to pay the principal and interest, when due, on the refunded bonds to the earliest call date. The City has the following bond issues that have been refunded:

<u>Type</u>	<u>Series</u>	<u>Date Refunded</u>	<u>Outstanding as of Refunding</u>	<u>Outstanding as of September 30, 2000</u>
Water and Sewer	1986	June, 1992	\$ 3,310,000	\$ 860,000
Revenue Bonds	1986	November, 1993	12,635,000	12,635,000
	1989	November, 1993	4,180,000	3,625,000
	1991	November, 1993	11,905,000	11,670,000

B. Water and Sewer Revenue Bonds:

(1) Pledge of Revenues - The Series 1992 and 1993 Bonds are payable solely from and collateralized by the net revenues derived from the:

- a. Operations of the System.
- b. Water and Sewer System Development Charges - The growth fees and charges levied upon and collected from property owners when they first connect to the Water and Sewer System and until released as provided for in the bond resolution.

(2) Establishment of Various Accounts - The Water and Sewer Bond Resolution provides for the creation and establishment of the following funds and accounts:

- a. Revenue Account - to deposit all gross revenues and provide for payment of costs of operation and maintenance of the System.
- b. Bond Service Accounts:
 - Interest Account - to deposit monthly from Revenue Account 1/6 of all interest coming due on the next interest payment date.
 - Principal Account - to deposit monthly from Revenue Account 1/12 of the principal amount which will become due on such annual maturity date.
 - Redemption Account - to deposit monthly from Revenue Account 1/12 of any amortization installment established for the redemption of Term Bonds.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

7. Enterprise Fund Bonds Payable - Continued:

B. Water and Sewer Revenue Bonds - Continued:

- c. Reserve Account - to maintain a reserve requirement for each bond issue. The series 1992 and 1993 reserve requirement shall be the lesser of (i) maximum bond service requirement, or (ii) 125% of the average annual bond requirement. Any withdrawals from this account shall be subsequently restored from the first monies available in the Revenue Account after meeting costs of operation and maintenance and bond service requirements.
 - d. Operating Reserve Account - to deposit from the Revenue Account 1/12 of the actual cost of operation and maintenance from the immediate preceding fiscal year.
 - e. Subordinate Debt Service Account - to deposit from the Revenue Account any amounts required on subordinate debt.
 - f. Renewal, Replacement and Improvement Account - to deposit monthly from the Revenue Account an amount equal to 1/12 of five percent of the gross revenues received during the immediately preceding fiscal year until the amounts on deposit equals or exceeds \$200,000.
- (3) Investment Restrictions - Monies in any account created in the resolution, except the Reserve Account, may be invested in authorized investments that mature not later than the dates on which the monies will be needed for the purpose of such fund. Monies in the Reserve Account may be invested in Federal Securities maturing not later than the latest maturity of the Series 1991 bond issue.

Authorized investments as specified by the resolution are as follows:

- a. Direct obligations of the U.S. Government
- b. Bonds, debentures or notes backed by the full faith and credit of the U.S. Government.
- c. Certificates of deposits (insured and/or collateralized)
- d. High rated commercial paper
- e. Repurchase agreements for which the underlying securities are U.S. Government obligations
- f. Pre-refunded municipal obligations
- g. Money market funds rated AAA by Standard & Poor's
- h. Investment agreement approved by AMBAC Indemnity Corporation
- i. Local Government Surplus Funds Trust Fund

7. Enterprise Fund Bonds Payable - Continued:

B. Water and Sewer Revenue Bonds - Continued:

- (4) Disbursements from Construction Account: Monies on deposit from time to time in the Construction Account shall be used to pay or reimburse the following project costs:
- a. Costs incurred directly or indirectly for or in conjunction with a project or a proposed or future project including, but not limited to, those for preliminary planning and studies, architectural, legal, financial, engineering and supervisory services, labor, services, materials, equipment, acquisitions, land, rights-of-way, improvements and installation.
 - b. Premiums attributable to all insurance required to be taken out and maintained during the period of construction with respect to a project to be acquired or constructed, the premium on such surety bond, if any, required with respect to work on such facilities and taxes, assessments and other charges that may become payable during the period of construction with respect to such a project.
 - c. Costs incurred directly or indirectly in seeking to enforce any remedy against a contractor or subcontractor in respect of any default under a contract relating to a project or costs incurred directly or indirectly in defending any claim by a contractor or subcontractor with respect to a project.
 - d. Financial, legal, accounting, appraisals, title evidence and printing and engraving fees, charges and expenses, and all other such fees, charges and expenses incurred in connection with the authorization, sale, issuance and delivery of such Series of Bonds.
 - e. Interest funded from Bond proceeds for a reasonable period of time, which shall be deposited in the Interest Account within the Bond Service Accounts and shall be used as provided in the Series Resolution authorizing such Series of Bonds.
 - f. Any other incidental and necessary costs including without limitation and expenses, fees and charges relating to the acquisition, construction or installation of a project, and the making of extraordinary repairs, renewals and replacements, decommissioning or retirement of any portion of the System.
 - g. Costs incurred directly or indirectly in placing any project in operation in order that completion of such project may occur.
 - h. Any other costs authorized pursuant to a supplemental resolution of the issuer and permitted under the laws of the State.
 - i. Reimbursements to the issuer for any of the above items theretofore paid by or on behalf of the issuer.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

7. Enterprise Fund Bonds Payable - Continued:

B. Water and Sewer Revenue Bonds - Continued:

- (5) Rate Covenants - The City has covenanted that it will collect rates and charges in each year which will always provide revenues sufficient to pay all costs of operation and maintenance, exclusive of depreciation and amortization, plus 100% of the bond service requirement. In addition, these revenues together with the System Development Charges are required to be sufficient in each year to pay the aggregate of all costs of operation and maintenance, exclusive of depreciation and amortization, plus 125% of the bond service requirement and 100% of all other deposits to be made under the resolution.

The following reflects the calculation required for the fiscal year ended September 30, 2000 in order to comply with the Water and Sewer Revenue Bond rate covenant:

a. Charges for services		\$ 9,192,422
Service charges		214,950
Interest income		<u>1,124,160</u>
Total available revenues		10,531,532
Less: Costs of operation and maintenance		
(excluding depreciation, amortization		
and non-recurring costs)		(5,992,626)
Bond service requirements		<u>(2,465,931)</u>
Operating revenues in excess of costs		<u>\$ 2,072,975</u>
b. Charges for services		\$ 9,192,422
Service charges		214,950
Interest income		1,124,160
System development charges		<u>3,477,093</u>
Total available revenues		14,008,625
Less: Costs of operation and maintenance		
(excluding depreciation, amortization		
and non-recurring costs)		(5,992,626)
Bond service requirements (x 125%)		(3,082,413)
Operating reserve deposit		<u>(1,546)</u>
Available revenues in excess of costs and		
required deposits		<u>\$ 4,932,040</u>

Year Ended September 30, 2000

8. Notes and Contracts Payable - Enterprise Funds and Component Unit - Airport Authority - Continued:

B. Discretely Presented Component Unit - Airport Authority Notes and Contracts Payable - Continued:

The majority of the Airport Authority's long-term debt has variable interest rates; therefore, it is not practical to compute the future annual debt service requirements on these notes and contracts. The following is a summary of the future principal debt service requirements on these notes and contracts:

Fiscal Year Ending September 30,	Airport Authority Fund
2001	\$ 777,035
2002	1,568,990
2003	1,002,351
2004	696,319
2005	-
Thereafter	11,500,000
	\$ 15,544,695

9. General Long-Term Debt:

A. Certificates of Participation:

On December 6, 1989, the City of Sanford Finance Corporation issued \$3,385,000 Certificates of Participation (1989 City of Sanford Project). The certificates evidence undivided fractional interests in rent payments to be made under a lease agreement, with an option to purchase, between the City of Sanford, Florida and the City of Sanford Finance Corporation. The proceeds of the certificates were used by the City for the acquisition and construction of a fire station, purchases of equipment for municipal purposes and payment of costs incurred in issuing the certificates.

The outstanding certificates bear interest at rates from 6.00-6.80%, payable semi-annually on April 1 and October 1. Principal payments are due and payable on October 1 of each fiscal year through October 1, 2004.

The Indenture provides for the establishment and maintenance of a Reserve Fund. The City has deposited \$337,621, as outlined in the agreement, which shall be used only for the purpose of making up deficiencies in the Rent Payment Fund for principal and interest payments.

The Certificates of Participation will mature as follows:

Fiscal Year Ending September 30,	Principal	Interest	Total
2001	\$ 215,000	\$ 64,265	\$ 279,265
2002	230,000	49,968	279,968
2003	245,000	34,557	279,557
2004	265,000	18,020	283,020
	\$ 955,000	\$ 166,810	\$ 1,121,810

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

9. General Long-Term Debt - Continued:

B. Special Facilities Revenue Bonds:

On July 11, 2000 the City of Sanford issued \$1,750,000 of Special Facilities Revenue Bonds for the purpose of renovating the Historic Sanford Memorial Stadium.

The bonds bear interest at 5.60%, payable semi-annually on March 31 and September 30. Principal payments are due and payable on September 30 of each fiscal year through March 31, 2009 with a balloon payment of \$880,000 due on September 30, 2009.

The Special Facilities Revenue Bonds will mature as follows:

Fiscal Year Ending	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
September 30,			
2001	\$ 75,000	\$ 95,900	\$ 170,900
2002	80,000	91,560	171,560
2003	85,000	86,940	171,940
2004	90,000	79,040	169,040
2005	95,000	73,860	168,860
2006-2009	<u>1,325,000</u>	<u>248,780</u>	<u>1,573,780</u>
	<u>\$ 1,750,000</u>	<u>\$ 676,080</u>	<u>\$ 2,426,080</u>

C. Compensated Absences:

Vested sick and vacation leave benefits for Governmental Fund Types accrued at September 30, 2000 in accordance with the City's policy as set forth in Note 1.L., amounted to \$826,335 in the Long-term Debt Account Group and \$86,095 in the General Fund as accrued expenses.

D. Changes in General Long-Term Debt:

Changes in general long-term debt transactions for the year ended September 30, 2000 are summarized as follows:

	<u>Balance October 1, 1999</u>	<u>Increase</u>	<u>Decrease</u>	<u>Balance September 30, 2000</u>
Special Facilities:				
Revenue bonds	\$ -	\$ 1,750,000	\$ -	\$ 1,750,000
Certificates of participation payable	1,160,000	-	205,000	955,000
Accrued closure costs	632,871	-	323,671	309,200
Compensated absences	<u>792,888</u>	<u>33,447</u>	<u>-</u>	<u>826,335</u>
	<u>\$ 2,585,759</u>	<u>\$ 1,783,447</u>	<u>\$ 528,671</u>	<u>\$ 3,840,535</u>

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

10. Revenue Bonds Payable of the Discretely Presented Component Unit - Sanford CRA:

The Community Redevelopment Agency of the City of Sanford and the City Commission approved resolutions authorizing the issuance of not exceeding \$10,000,000 of Community Redevelopment Revenue Bonds, Series 1994A and Series 1994B, by the Community Redevelopment Agency.

On August 1, 1994, the Community Redevelopment Agency (CRA) issued \$6,000,000 in Revenue Bonds, Series 1994A. Series 1994B Bonds totaling \$1,100,000 were issued October 18, 1994. Of the remaining \$2,900,000 of authorized but unissued bonds, \$1,200,000 have been canceled. A Redevelopment Trust Fund pursuant to Florida Statute 163.38 was established and the City pledged to pay an amount equal to 47.5% of the ad valorem tax increment in the development project area to the fund. The Sanford CRA was to utilize the sum of the incremental ad valorem taxes to pay the principal and interest on the bonds. The bonds were issued to finance the Redevelopment Plan to improve blighted areas within the City.

The Series 1994A Bonds bear interest at rates ranging from 4.80% to 6.00%, payable semi-annually on June 1 and December 1. Principal payments are payable on June 1 of each fiscal year as shown below. The 1994B bonds are comprised of a single term bond, bear interest at 9% with a maturity date of December 1, 2011, of which such payment is due only to the extent that the City has adequate legally available pledged revenues to make such payment. For purposes of the five-year disclosure, the table assumes that there will be pledged revenues available to make the bond principal payment.

Fiscal Year Ending September 30,	Series 1994 -A		Series 1994-B		Total
	Principal	Interest	Principal	Interest	
2001	\$ 200,000	\$ 326,660	\$ -	\$ 99,000	\$ 625,660
2002	300,000	316,260	-	99,000	715,260
2003	315,000	300,360	-	99,000	714,360
2004	330,000	283,350	-	99,000	712,350
2005	450,000	265,200	-	99,000	814,200
2006-2010	3,080,000	872,700	-	495,000	4,447,700
2011-2012	<u>920,000</u>	<u>55,200</u>	<u>1,100,000</u>	<u>115,500</u>	<u>2,190,700</u>
	<u>\$ 5,595,000</u>	<u>\$ 2,419,730</u>	<u>\$ 1,100,000</u>	<u>\$1,105,500</u>	<u>\$10,220,230</u>

Activity related to the Community Redevelopment Agency Revenue Bonds for the year was as follows:

	Balance October 1, 1999	Issued	Retired	Balance September 30, 2000
CRA Bonds	<u>\$ 6,860,000</u>	<u>\$ -</u>	<u>\$ 165,000</u>	<u>\$ 6,695,000</u>

Year Ended September 30, 2000

11. Interfund Accounts:

Individual fund interfund receivables and payables at September 30, 2000 consist of the following:

Fund	Due From Other Funds	Due To Other Funds
General Fund	\$ 137,666	\$ 97,962
Special Revenue Funds:		
Community Development Block Grant	5,303	-
Other Grants	24,105	12,515
Capital Projects		
East-West Connector Road	-	125,151
Trust and Agency Funds:		
Police Pension	19,621	-
Fire Pension	13,168	-
General Employees Retirement	35,765	-
	\$ 235,628	\$ 235,628

The City has a note receivable from the Airport Authority, a component unit of the City, with a balance at September 30, 2000 of \$945,000.

12. Fund Equity:

- A.** The City has established certain reserves for restricted assets of the Water and Sewer Enterprise Fund. These assets are restricted by various covenants within the revenue bond issue, as described in Note 6, and certain City ordinances and resolutions. Reserved retained earnings at September 30, 2000 consist of the following:

Renewal and replacement fund	\$ 200,000
Operating reserve fund	494,150
	\$ 694,150

- B.** The City has established certain reserves within the fund equity section of the Governmental Fund Types. Reserved fund balance at September 30, 2000 consists of the following:

General Fund:	
Reserved for capital projects	\$ 1,780,384
Reserved for note receivable	945,000
Reserved for inventories	54,636
Reserved for prepaid expenditures	2,052
Reserved for landfill closure costs	309,200
	\$ 3,091,272
Debt Service Fund:	
Reserved for debt service for certificates of participation	\$ 337,621

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

12. Fund Equity - Continued:

- C. The City established an internal service fund to account for its risk management activities. As such, the amount of residual retained earnings of \$82,648 is reserved for future payments of insurance.
- D. The City has established certain reserves and designations within the fund equity section of the Fiduciary Fund Types. Reserved and designated fund balance at September 30, 2000 consist of the following:

	<u>Reserves</u>	<u>Designations</u>
Expendable Trust Funds:		
Reserved for cemetery perpetual care	\$ 403,456	\$ -
Designated for payment of termination benefits	-	207,378
Pension Trust Funds:		
Reserved for employees' pension benefits	<u>32,815,442</u>	<u>-</u>
Total	<u>\$ 33,218,898</u>	<u>\$ 207,378</u>

- E. The Component Unit-Sanford CRA established reserves within the fund equity section for debt service for Community Redevelopment Agency bonds.
- F. The following is a summary of changes in Enterprise Funds, Internal Service Fund and Component Unit contributions:

	<u>Primary Government</u>				
	<u>Water and Sewer Fund</u>	<u>Stormwater Fund</u>	<u>Risk Management Fund</u>	<u>Primary Government Total</u>	<u>Airport Authority Fund</u>
Contributions at October 1, 1999	\$ 36,007,242	\$ 2,174,194	\$ 25,621	\$ 38,207,057	\$ 23,396,350
Increase (Decrease) in Contributions	4,485,790	-	-	4,485,790	16,357,665
Depreciation on contributed assets	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>(1,243,429)</u>
Contributions at September 30, 2000	<u>\$ 40,493,032</u>	<u>\$ 2,174,194</u>	<u>\$ 25,621</u>	<u>\$ 42,692,847</u>	<u>\$ 38,510,586</u>

- G. The Airport Authority has established a reserve within the retained earnings of \$1,951 for an Airport Memorial Fund.

13. Provision for Closure Costs:

State and federal laws and regulations require the City of Sanford to place a final cover on Art Lane Landfill when closed and to perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The City initiated closure of the landfill in fiscal year ended September 30, 2000. As of September 30, 2000, the estimated remaining landfill closure costs of \$309,200 have been fully reserved.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

13. Provision for Closure Costs – Continued:

All amounts recognized are based on the City's best estimate of what it would cost to perform all closure and postclosure care. Actual costs may be different due to inflation, changes in technology, or changes in laws and regulations. However, the current estimate was the most accurate available at the financial statement release date. The City is required by state and federal laws and regulations to establish financial assurance for closure and postclosure cost of the landfill. The City is in compliance with these requirements by meeting an annual financial test.

14. Pension Plans and Postemployment Benefits Other than Pensions:

A. Florida Retirement System:

The City of Sanford contributes to the Florida Retirement System (FRS), a multiple employer cost sharing defined benefit pension plan administered by the State of Florida, for the City's authorized permanent, full-time and part-time employees, except police and fire, hired prior to January 1, 1996. The Airport Authority also participates in the FRS. The State of Florida issues a publicly available report that includes financial statements and required supplementary information for FRS. The latest report is dated July 1, 2000. That report may be obtained by writing to Florida Retirement System, State of Florida, Tallahassee, Florida, 32399-1560.

FRS members are eligible for retirement after vesting, which occurs at 10 years of creditable service for regular members. Normal retirement age is attained at the earlier of 30 years of creditable service regardless of age or retirement at age 62 with at least 10 years of creditable service. Early retirement may be taken anytime; however, there is a five percent benefit reduction for each year prior to normal retirement age. Members are also eligible for in-line-of-duty or regular disability benefits if permanently disabled and unable to work. Benefits are computed on the basis of age, average final compensation and service credit.

Funding Policy:

The FRS has six classes of membership. Only two classes are applicable to the City's eligible employees. These two classes, with descriptions and contribution rates in effect during the period ended September 30, 2000, are as follows (contribution rates are in agreement with the actuarially determined rates, each including an additional .94% health insurance subsidy contribution):

Regular Class - Members not qualifying for other classes, (10.15% from 7/1/99 to 6/30/00, and 9.15% from 7/1/00 to 9/30/00).

Special Risk Class – Members employed as law enforcement officers, firefighters, or correctional officers and meeting the criteria to qualify for this, (21.16% from 7/1/99 to 6/30/00, and 20.29% from 7/1/00 to 9/30/00).

The contribution requirements of the City of Sanford are established and may be amended by FRS. The plan is non-contributory for employees with all contributions being the obligation of the employer. The City's contributions to FRS for the years ended September 30, 2000, 1999 and 1998 were \$536,488, \$906,082 and \$1,212,259, respectively, and equal the required contributions for each year. The Airport Authority's contributions to FRS for the years ended September 30, 2000, 1999 and 1998 were \$61,362, \$99,360, and \$129,736, respectively, and equal the required contributions for each year.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

14. Pension Plans and Postemployment Benefits Other than Pensions - Continued:

B. Police Officers, Firefighters and General Employees:

The City participates in three single-employer defined benefit pension plans consisting of the Police Officers' Retirement System, the Firefighters' Retirement System and the General Employees' Retirement System which are maintained as pension trust funds.

(1) Plan Description:

All full-time police officers and firefighters are eligible from date of employment to participate in the Police Officers' and Firefighters' plans. A member's normal retirement date shall be the first day of the month coincident with, or the next following attainment of age 55 for police officers and 60 for firefighters, and the completion of 10 years of credited service or the completion of 25 years of credited service. A member may retire on his normal retirement date or on the first day of any month thereafter, and each member shall become 100% vested in his accrued benefit on the member's normal retirement date. Normal retirement under the system is retirement from employment with the City on or after the normal retirement date. The monthly retirement benefit shall equal 3.50% and 2.97% of average final compensation, defined as the highest 5 years of salary paid during the last 10 years of covered employment, for each year of credited service for police officers and firefighters respectively.

As of January 1, 1996, the City elected to discontinue participation in FRS for any new general employees. The City established a new defined benefit pension plan that covers all City general employees, elected officials and Sanford Airport Authority general employees and firefighters hired or elected on or after January 1, 1996. Benefits vest after 10 years of service. General employees and elected officials who retire at the earlier of age 62, with 10 years of credited service, or 30 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.6% of their average final compensation, defined as the average of the highest 5 years of salary paid during covered employment, for each year of credited service. Sanford Airport Authority firefighters who retire at the earlier of age 55 and 10 years of credited service or 25 years of credited service, regardless of age are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.0% of their average final compensation, defined as the highest 5 years of salary paid during covered employment, for each year of credited service.

In addition, all of the City's pension plans provide death and disability benefits. These benefits and other requirements are established by State Statute and City ordinance.

(2) Contributions:

The City's funding policy provides for actuarially determined periodic contributions to the plans. The required contributions include normal costs (after deducting expected employee contributions, if applicable) and the amount of the additional unfunded obligations, amortized over 30 years, created due to increases in plan benefits. Employer contribution rates are determined using the frozen entry age actuarial cost method.

The police officers are required to contribute 5.1 percent of their gross compensation (an additional 5 percent is paid by the City), and the firefighters are required to contribute 7 percent of their base pay compensation (an additional 5 percent is paid by the City). Both of the plans also receive contributions from the State for insurance premium refunds. The State contributions are not based on covered payroll. The City is required to contribute the remaining amount necessary to pay the annual normal cost plus an amount sufficient to fund any unfunded accrued liability over 27 years.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

14. Pension Plans and Postemployment Benefits Other than Pensions - Continued:

B. Police Officers, Firefighters and General Employees - Continued:

(2) Contributions - Continued:

The General Employees' Pension Plan is non-contributory for all employees with all contributions being the obligation of the employer. The City's contributions to the plan for the year ended September 30, 2000 were \$192,661, equal to the required contributions for the year, 11.4% of covered payroll. The Airport Authority's contributions to the Plan for the year ended September 30, 2000 were \$108,165, equal to the required contribution for the year, 11.4% of covered payroll.

(3) Method Used to Value Investments and Investment Policies:

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national exchange are valued at the last reported sales price at current exchange rates. An independent investment manager and custodial bank handles all pension investments and check writing duties. Other administrative duties are handled by the City's Finance Director under direction of the Board of Trustees and City Commission. Investment guidelines limit cash and equivalents to U.S. Government obligations, certificates of deposit and repurchase agreements with major money center banks, commercial paper rated A-1 by Standard & Poor's or P-1 by Moody's. Equity securities are limited to issues of U.S. corporations with a rating by a major rating service in one of the three highest classifications, limited to 50% of the fund's assets overall for the police officers/firefighters and general employees plans, respectively, and to 5% of the equity portfolio value invested in any single corporation. In addition, the police officers' and firefighters' plans require fixed income securities to comprise a minimum of 50% of the total assets at cost with a limit to any single corporation of 10% of the total bond portfolio. The fixed income portfolio is limited to U.S. Government and U.S. Government agency bonds, and/or bonds issued by U.S. corporations. No investment in any one organization exceeds 5% or more of plan net assets.

No investments in loans to, or leases with, any parties related to the pension plans have been made.

(4) Plan Membership:

At September 30, 2000, membership of each plan consisted of the following:

	<u>Police Officers</u>	<u>Firefighters</u>	<u>General Employees</u>
Retirees and beneficiaries receiving benefits	32	34	-
Active plan members	<u>92</u>	<u>60</u>	<u>83</u>
Total	<u><u>124</u></u>	<u><u>94</u></u>	<u><u>83</u></u>

The General Employees' Retirement System plan includes 27 members of the discretely presented Airport Authority.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

14. Pension Plans and Postemployment Benefits Other than Pensions - Continued:

B. Police Officers, Firefighters and General Employees - Continued:

(5) Annual Pension Costs were as follows:

	<u>1998</u>	<u>1999</u>	<u>2000</u>
Police Officers' plan	\$ 142,877	\$ 142,234	\$ 156,514
Firefighters' plan	95,443	96,663	103,948
General Employees' plan	146,926	218,160	268,619

The percentage contribution for the police officers', firefighters', and general employees' retirement plans for each of the past three years was 100% of the Annual Pension Costs. Therefore, the retirement plans have had no net pension obligation at any of the September 30 year ends.

The Airport Authority Firefighters' plan was excluded from the above analysis as it was not considered material.

(6) The plans do not issue separate financial statements.

(7) Refer to page 62 for actuarial information.

C. Postemployment Benefits Other than Pension Benefits:

The City's resolutions and ordinances allow employees who have retired to continue their life and health insurance benefits, and a portion of the cost, in an amount determined by city management, is borne by the City. The City pays, up to age 65, health insurance benefits for employees retiring after October 1, 1991, with 25 or more years of service. The City pays for life, the health benefits of employees retired prior to October 1, 1991. The City pays the life insurance benefits for retired employees, with the level of the benefit being delineated as \$3,000 term life. Expenditures for these insurance premiums, which are recognized when paid, were recorded in the General and Water and Sewer Funds in the amount of \$167,421, and \$11,756, respectively for the year ended September 30, 2000 for 75 retirees in the aggregate. Two current employees are eligible for postemployment benefits at September 30, 2000.

The nature of the plan is such that no formal trust fund exists. The plan pays premiums to an insurance company who maintains no assets or liabilities in the name of the City or on the City's behalf. Thus, the City utilizes GASB Statement No. 12, "Disclosure of Information on Postemployment Benefits Other Than Pension Benefits by State and Local Government Employers".

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

15. Deferred Compensation Plan:

The City and the Airport Authority each have separate deferred compensation plans, created in accordance with Internal Revenue Code Section 457, in which all employees are eligible to participate. Deferred compensation amounts withheld from participating employees' pay are not taxable as current income until withdrawn from the plan. Annual contributions by a participant may not exceed limits established by the Internal Revenue Service. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The City and Airport Authority have each placed the assets of the plans in trust with a third-party administrator and as such are not recorded in the financial records of either organization.

16. Segment Information for Enterprise Funds and Component Unit - Airport Authority:

The City maintains two enterprise funds that provide water and sewer, and stormwater services. In addition, the discretely presented Component Unit-Airport Authority provides airport services. Segment information for these funds for the fiscal year ended September 30, 2000 follows:

	Primary Government			Component Unit
	Water and Sewer	Stormwater	Total	Airport Authority
Operating revenues	\$ 9,192,422	\$ 1,391,435	\$ 10,583,857	\$ 4,041,631
Depreciation	1,460,558	208,204	1,668,762	1,803,980
Amortization	88,800	-	88,800	-

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

17. Risk Management:

Primary Government

The City accounts for its risk management activities in an internal service fund that includes self-insurance programs for workers' compensation and general liability claims. The City has made the decision to retain up to \$150,000 per incident relating to workers' compensation, and property damage to City vehicles with a purchase cost of less than \$50,000. Excess coverage up to \$10,000,000 per incident for workers' compensation has been purchased from an outside carrier. All other liability and property damage insurance is obtained through the Florida League of Cities with a \$25,000 deductible for general liability claims per incident and an aggregate stop loss of \$145,039 for fiscal year 2000 claims. There have been no significant reductions in insurance coverage from the prior year. No settlements have exceeded the City's insurance coverage for each of the past three fiscal years. At September 30, 2000, a reserve of \$604,101 and \$413,014 was recorded for the settlement of pending workers compensation and general liability claims, respectively, including a provision for incurred but not reported claims. This liability is the City's best estimate based on available information.

The City utilizes the expertise of the plan administrator in determining the liability for claims incurred and other related costs on a claim-by-claim basis. In addition, an experience study is performed by an outside consultant to determine the extent, if any, of the claims incurred but not reported.

The changes in the City's claims liability during the years ended September 30, 1999 and 2000 were as follows:

	Balance at Fiscal Year Beginning	Current Year Claims and Changes in Estimates	Current Year Claim Payments	Balance at Fiscal Year End
1998-1999	\$ 968,778	\$ 978,951	\$ 930,614	\$ 1,017,115
1999-2000	\$ 1,017,115	\$ 1,065,189	\$ 1,065,189	\$ 1,017,115

Airport Authority

The Authority is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the Authority carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

18. Commitments and Contingencies:

Primary Government

- A.** Various suits and claims arising in the ordinary course of the City's operations are pending against the City of Sanford. While the ultimate effect of such litigation cannot be ascertained at this time, management believes, based on the advice of legal counsel, that there will be no material effect on the City's financial position and/or that the City has sufficient insurance coverage to cover any claims.
- B.** Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the City. In the opinion of management, any such adjustments would not be significant.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

18. Commitments and Contingencies - Continued:

- C. The City has various construction contracts outstanding at September 30, 2000. In the Enterprise Funds, various water and sewer projects are under construction. A summary of these projects at September 30, 2000 is as follows:

	Primary Government	
	Governmental Funds	Enterprise Funds
Total contract price	\$ 2,051,478	\$ 404,995
Total paid as of September 30, 2000	682,648	305,315
Remaining commitment at September 30, 2000	\$ 1,368,830	\$ 99,680

- D. The City was named as a defendant in an action filed by a company against the City and three corporations. The action was filed under the Comprehensive Environmental Response, Compensation and Liability Act, and the Florida Statutes, for the alleged release of hazardous substances and/or pollutants as a result of the former operation of a manufactured gas plant during the 1880s until the year 1952. The action alleges that the City owned the plant from 1924 until 1932 and operated the plant from 1924 until 1928. All parties to the Complaint have signed a Joint Stipulation for Stay of Action, filed with the Court on May 14, 1992. In 1992, the Plaintiff and all Defendants in this cause of action entered into a Cost Sharing Agreement providing for all parties to equally share in the funding of contamination assessment activities in an effort to evaluate potential soil and groundwater impacts, all in accordance with and approved by the Florida Department of Environmental Protection (FDEP). In early 1995, the lawsuit was dismissed. The City is currently negotiating a contract to perform a study of the environmental damage caused by the plant. If a contract is agreed upon, the City's portion of the cost is estimated at 12.5%. Cost of the clean up is not known at this time.

Airport Authority

- E. During the year, an airport tenant, Jett Aire Group, Inc., filed a breach of contract claim against the Authority. The Authority feels that although the claim amount is significant, the likelihood of adverse financial consequences is minimal and an estimate of the possible loss, if any, cannot be made.
- F. Threatened litigation also exists involving a contract dispute with a contractor over construction of the instrument landing system and MALSR. The amount in controversy, which is currently not reimbursable from grant funds, is potentially significant. The Authority has the potential for indemnity from its consultant on the project, if the contractor prevails in its claim. An estimate of the range of possible loss is from \$0 to \$600,000.
- G. At the end of fiscal year September 30, 2000, construction in progress on the Domestic Terminal project is approximately \$18,800,000. The anticipated total project costs are approximately \$25,875,000 and final project completion date is scheduled for February 2001. Funding for the project is \$11,500,000 in Florida Department of Transportation loans, a \$6,500,000 Florida Department of Transportation grant, \$7,500,000 private sector (TBI, plc) investment and \$375,000 in Authority funding. Because the FDOT grant of \$6,500,000 will be received in various payments through 2003, the Authority entered into a grant anticipation note for \$4,480,000 dated October 5, 2000 with a financial institution. Repayment terms require principal payments due by September 15 in the amount of scheduled grant payment received each year.

CITY OF SANFORD, FLORIDA

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Year Ended September 30, 2000

- H. In concert with the design and construction of the domestic terminal expansion, the Authority entered into a Memorandum of Understanding with TBI, plc to negotiate a (30) thirty-year management contract for the domestic terminal in exchange for their private sector investment into the project of \$7,500,000. TBI, plc's United States corporation, known as Orlando Sanford Domestic (OSD), will manage all operations involving the domestic terminal. The contractual agreement provides for five (5) fixed annual lump sum payments to the Authority as well as additional minimum operation payments to the Authority for years one through thirty (1-30) in exchange for the revenues generated by the operation of the domestic terminal. The Authority will also participate in a percentage of gross revenues generated from the operation of the domestic terminal should those amounts exceed the minimum operation payments referred to above. Additionally, many expenses and liabilities associated with the operation of the domestic terminal will be removed from the Authority and transferred to OSD.
- I. The Authority was in the process of various stages of multiple construction projects and engineering studies as of September 30, 2000. Amounts totaling approximately \$3,092,000 are due under these contracts as construction is completed.

19. Conduit Debt Obligations:

From time to time, the Airport Authority has issued Industrial Revenue Bonds to provide financial assistance to private-sector entities for construction of aviation related facilities on the airport's premises. The bonds do not constitute a debt or pledge of the faith and credit of the Authority, Seminole County, the City of Sanford or the State of Florida, and accordingly, have not been reported in the accompanying financial statements.

As of September 30, 2000, there were two series of Industrial Revenue Bonds outstanding, with an aggregate principal amount payable of \$33,185,000.

20. Subsequent Event

Effective December 1, 2000 the City Commission directed, by Resolution, that the City rejoin the Florida Retirement System (FRS). All active employees of the City were enrolled in the FRS. The General Employees Retirement System will be terminated, by Ordinance, effective November 30, 2000. The City will use amounts accumulated in the City Retirement Plan, from its inception on January 1, 1996, to purchase the back service in the FRS for the participants transferred. Per the Ordinance establishing the plan, excess funds will be transferred to the General Fund of the City.

CITY OF SANFORD, FLORIDA

NOTES TO SCHEDULE OF FUNDING PROGRESS

Year Ended September 30, 2000

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. As discussed more fully in Note 14.B. (5) to the financial statements, the preceding data was acquired from the most recent actuarial valuation available at the time of the financial statement issuance. Additional information as of the latest actuarial valuation follows:

	<u>Police Officers'</u>	<u>Firefighters'</u>	<u>General Employees'</u>
Valuation date	10/1/00	10/1/00	10/1/99
Actuarial cost method	Frozen Entry Age	Frozen Entry Age	Aggregate
Amortization method	Level percent, closed	Level percent, closed	Aggregate Cost
Remaining amortization period	26 years	26 years	N/A
Asset valuation method	4-year smoothed market	4-year smoothed market	Market Value
Actuarial assumptions:			
Investment rate of return	8.00%	8.00%	8.00%
Projected salary increase (including both cost of living and merit)	6.50%	6.50%	6.00%
Inflation rate	3.00%	3.00%	3.00%
Postretirement benefit increases	0.00%	0.00%	3.00%

The aggregate actuarial cost method used in the valuation of General Employees does not identify or separately amortize unfunded liabilities.

CITY OF SANFORD, FLORIDA

SPECIAL REVENUE FUNDS

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which, by law, are designated to finance particular functions or activities of government. The City has the following Special Revenue Funds:

Local Option Gas Tax Fund:

To account for the City's allocation of the 6-cent local option gas tax collected in Seminole County and the expenditures used for the additions to or maintenance of the City's transportation system.

Police Education

To account for that portion of fines on certain violations, per statute, to fund continuing education for police officers.

Law Enforcement Trust Fund:

To account for proceeds obtained through forfeiture of confiscated and unclaimed property through court judgment. The proceeds are to be used solely for law enforcement purposes, with emphasis given to community policing activities, training & law enforcement operations.

Community Development Block Grant Fund:

To account for grants received by the City as subgrantee under the Small Cities Community Development Block Grant Program, which is administered by the State of Florida Department of Community Affairs. Grant proceeds are utilized to provide rehabilitation improvements to blighted areas of the City.

Other Grants Fund:

To account for grants received by the City as a subgrantee. Grant proceeds are utilized to provide rehabilitation improvements to blighted areas of the City.

Recreation Facilities Impact Fees Fund, Fire Public Safety Facilities Impact Fees Fund and Police Public Safety Facilities Impact Fees Fund:

To account for impact fees collected by the City to be used solely for the expansion or acquisition of capital facilities or equipment made necessary by the new construction from which the fees were collected or for principal payments (including sinking fund payments) on bonds to expand or acquire such facilities or equipment.

CITY OF SANFORD, FLORIDA

ENTERPRISE FUNDS

Enterprise Funds account for operations that are financed and operated in a manner similar to private enterprise, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has the following Enterprise Funds:

Water and Sewer Fund:

To account for the fiscal activities of the City's water and sewer treatment and distribution operations, as well as the funding and payment of related debt.

Stormwater Fund:

To account for the operations of the City's Stormwater management utility.

STATISTICAL SECTION

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social data and economic data, and financial trends of the City of Sanford, Florida.

CITY OF SANFORD, FLORIDA

STATISTICAL SECTION

Year Ended September 30, 2000

This section consists of tables and charts, which comprise the Statistical Section. It is designed to provide the reader with insights into the financial position of the City not readily apparent from the Financial Statements.

The following statistical tables recommended for inclusion by the Government Accounting Standards Board are not included for the reasons stated:

- A. Ratio of Net General Obligation Bonded Debt to Assessed Value and Net General Obligation Bonded Debt per Capita - Last Ten Fiscal Years.

During the past ten years the City of Sanford had no general bonded indebtedness.

- B. Ratio of Annual Debt Service Expenditures for General Obligation Bonded Debt to Total General Governmental Expenditures - Last Ten Fiscal Years.

During the past ten years the City of Sanford had no general bonded indebtedness.

- C. Computation of Legal Debt Margin.

Neither the Constitution of the State of Florida, the Florida Statutes, nor the Charter of the City of Sanford sets a legal debt margin.

- D. Special Assessments Billing and Collections - Last Ten Fiscal Years.

During the past ten years the City of Sanford had no Special Assessment Debt.

The following statistical tables include the primary government only.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIALS TATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Mayor, City Commissioners
and City Manager
City of Sanford, Florida

We have audited the financial statements of the City of Sanford, Florida (other than the Sanford Airport Authority) as of and for the year ended September 30, 2000, and have issued our report thereon dated December 7, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of Sanford, Florida's financial statements (other than the Sanford Airport Authority) are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Sanford, Florida's (other than the Sanford Airport Authority) internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the management, the City Commission, the Auditor General of the State of Florida and the respective Federal and State program officials and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Honorable Mayor, City Commissioners
and City Manager
City of Sanford, Florida

Compliance

We have audited the compliance of the City of Sanford, Florida (other than the Sanford Airport Authority) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2000. The City of Sanford, Florida's major federal programs are identified in the summary of auditors' findings section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Sanford, Florida's management. Our responsibility is to express an opinion on the City of Sanford, Florida's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Sanford, Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Sanford, Florida's compliance with those requirements.

In our opinion, the City of Sanford, Florida complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2000.

Internal Control Over Compliance

The management of the City of Sanford, Florida is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Sanford, Florida's internal control (other than the Sanford Airport Authority) over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all of the matters in internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the management, the City Commission, the Auditor General of the State of Florida and the respective Federal and State program officials and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT COMMENTS

Honorable Mayor, City Commissioners
and City Manager
City of Sanford, Florida

We have audited the general-purpose financial statements and the combining and individual fund and account group financial statements (other than the financial statements of the Sanford Airport Authority) of City of Sanford, Florida as of and for the fiscal year ended September 30, 2000, and have issued our report thereon dated December 7, 2000.

We have issued our report on compliance and internal control dated December 7, 2000. Disclosures in that report, if any, should be considered in conjunction with this management letter.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local government entity audits performed in the State of Florida and require that certain items be addressed in this letter.

As required by the Rules of the Auditor General (Section 10.554(1)(e)(3), the scope of our audit included a review of the provisions of Section 218.503(1), Florida Statutes, "Determination of Financial Emergency". In connection with our audit, nothing came to our attention that would indicate the City of Sanford, Florida is in a state of financial emergency as a consequence of the conditions described by Section 218.503(1), Florida Statutes.

This report is intended solely for the information and use of the management, the City Commission, the Auditor General of the State of Florida and the respective Federal and State program officials and is not intended to be and should not be used by anyone other than these specified parties.

Sanford, Florida
December 7, 2000

1. STATUS OF PRIOR YEAR COMMENTS

There were no prior year comments.

2. ANNUAL REPORT UNDER FLORIDA STATUE 218.32

We reviewed the City's financial report, as of September 30, 2000, required to be filed with the Department of Banking and Finance pursuant to Section 218.32(1)(b) of the Florida Statutes. This report was compared with the City's financial statements for the same period. No exceptions were noted during our review.

3. COMPLIANCE WITH STATE REVOLVING LOAN FUND AGREEMENTS

In connection with our audit, nothing came to our attention that caused us to believe that the City of Sanford, Florida was not in compliance with the terms, covenants, provisions or conditions of the following loan agreements insofar as they relate to accounting matters. Additionally, nothing came to our attention that would indicate that the City of Sanford, Florida would be unable to repay the loans. However, our audit was not directed primarily toward obtaining knowledge of such matters.

State Revolving Loan Fund CS 1205 86150
State Revolving Loan Fund CS 1205 86170
State Revolving Loan Fund CS 1205 86190
State Revolving Loan Fund CS 1205 86210
State Revolving Loan Fund CS120586220
State Revolving Loan Fund DW5906010

4. LEGAL AUTHORITY

The City of Sanford, Florida was incorporated in 1877 and is subject to Chapter 165, Florida Statutes.

5. INVESTMENT OF PUBLIC FUNDS

The City of Sanford, Florida has complied with Section 218.415, Florida Statues regarding the investment of public funds.
