CITY COMMISSION MEMORANDUM 19-257

- Redevelop and Revitalize Disadvantaged Communities

SYNOPSIS:

Approval of Resolution No. 2832, amending the budget in an amount of \$25,000 for work relating to Utility Box Wrap Project (including materials, printing and installation) is being requested.

FISCAL/STAFFING STATEMENT:

This resolution will establish a project budget in an amount of \$25,000 for the Utility Box Wrap Project.

BACKGROUND:

The Public Art Commission is seeking unique ways to reach the City of Sanford's goal to enhance the urban environment of public spaces within the community and to further the tourist and economic potential of the City. Wrapping existing utility boxes is a creative way to achieve this goal by transforming ordinary infrastructure into public works of art.

Over the last several years, various jurisdictions have worked with artists to paint utility boxes. Now communities are commissioning artists, photographers and graphic designers to convert their work into digital images to be printed on outdoor quality vinyl wraps similar to those seen on vehicles and signs. Wrapping the unsightly utility boxes can be a deterrent to vandalism of the boxes while providing visual interest to the community.

The initial efforts of the utility box art project focuses on 18 utility boxes total, the majority of which are located along Sanford Avenue and 1st Street in downtown and one on Historic Goldsboro Boulevard. The material used to wrap the utility boxes is the same material used for high-end vehicle wraps. A high performance wrap film with solvent print and a UV protectant laminate is used, which has a 3 to 5 year standard durability in most applications. Based on the cost estimates received, the average cost to wrap each box including full color print on vinyl with laminate and

installation is \$1,246. This average cost also includes a \$150 artist stipend per box as proposed by the Public Art Commission.
