Sanford Civic Center

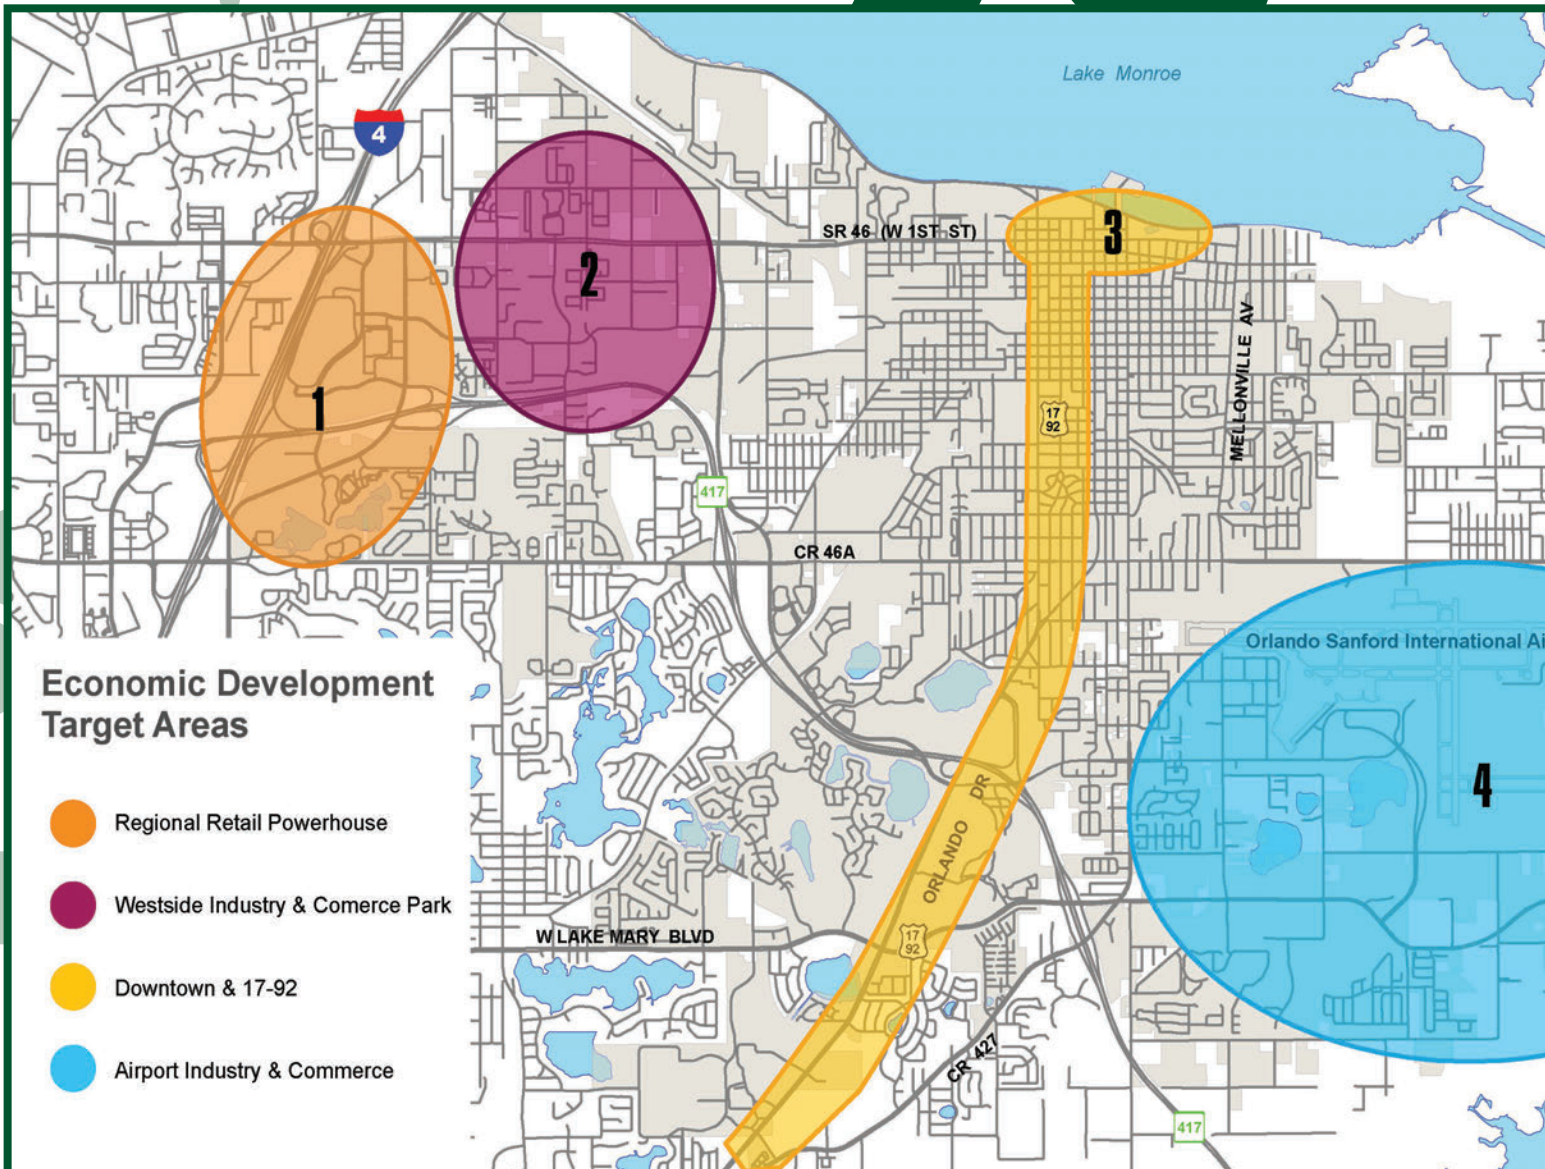

Sanford IS on the move

The Sanford Economy

The City of Sanford's local economy makes strong gains in 2021. The Sanford economy has shown an incredible resiliency and strength despite the unprecedented setback from the COVID-19 pandemic. Indications of the economy's strength and resiliency can be found citywide. We will address four distinct districts within the City and cite examples of good economic news below. The four major commercial areas within Sanford are generally illustrated in the diagram below. Taken together, these four areas represent the City's major employment centers, or economic engines for the community.

Sanford's Four Economic Engines

Sanford's Retail Powerhouse – Target Area 1

Near Interstate 4, Sanford maintains one of the largest retail districts in the region. There is exciting news to report about the Sanford Towne Center Mall. Elev8 Fun will open their amusement center this Fall 2021. Elev8 will open where the Sears big box was located, and will allow patrons to “experience the next level of fun”. This entertainment center will have something fun for every taste and preference. Going forward, Sanford's retail powerhouse is undergoing a slow, but steady, transformation to experiential uses that includes entertainment, food and beverage, and brick and mortar shopping.

The Westside Industry and Commerce Park – Target Area 2

It may surprise many Sanford residents that a sizable industrial and manufacturing area exists in the City. If you drive St. John's Parkway East of Upsala Road, you will get a glimpse into the variety and number of businesses that exist in Sanford. The North Port Commerce Park continues to see new construction of flex space, and recent announcements for companies as varied as high tech windshield replacement and manufacturers of industrial centrifuges. Going forward, we expect many exciting new business announcements to come from the Westside Industry and Commerce Park.

Downtown Sanford – Target Area 3

Our City's resiliency is well documented in Sanford's Historic downtown. One direct measure of the City's bounce-back is the increased visitor count we see at the new Sanford Information Center. Visitor traffic at the Sanford Information Center saw increases averaging 15%, month-over-month, from January to May. The new Sanford Information Center is fully staffed, and now serves as the one-stop-shop for everything downtown. Going forward, Main Street Sanford is undergoing a major marketing push, and the Community Redevelopment Agency is heavily investing in redevelopment. The terrific “Sanfording” message is getting out statewide, and anecdotal data suggests 60%+ of visitors originate from outside the City. Downtown Sanford remains the heart of the City, and downtown's busy event calendar and independent restaurants and brewpubs are considered a model for downtown redevelopment statewide.

The Orlando Sanford International Airport – Target Area 4

The City's fourth economic engine is associated with the airport. This area has the most undeveloped land within the City, and the airport itself has room to grow. Orlando Sanford International Airport (SFB) recently landed two Canadian Airlines. Canadian Airline Swoop will bring new nonstop Service to Toronto, Hamilton, and Edmonton starting in October, 2021. Additionally, Canada's Flair Airlines will launch new nonstop service to Halifax, Montreal, Kitchener/Waterloo, Ottawa and Toronto. So it is clear that passenger travel at SFB is getting attention, and growing. Moreover, the Airport has plans to expand its cargo and aviation related manufacturing footprint.

For at least 140 years, Sanford has been referred to as a Gateway City. The City's resilience to the pandemic economic impact is apparent. We hope you can see - Sanford is a Gateway to Economic Opportunity!

Finance Department

- Completed the Comprehensive Financial Annual Report (CFAR) with no audit comments.
- Received the Certificate of Achievement for Excellence in Financial Reporting.
- Received the Distinguished Budget Award for the 2021 budget.
- Implemented and supported a virtual workforce for the COVID-19 shutdown.
- Developed a COVID-19 employee self-monitor reporting solution.
- Implemented a new IBM server & tape library for the financial Enterprise Resource Platform (ERP).
- Passed the Florida Department of Law Enforcement (FDLE) technical audit.
- Implemented new Naviline application for financial Enterprise Resource Platform (ERP).
- Established a cybersecurity-aware workforce culture.
- Implemented a new phone & collaboration platform, new PDF application standard software, a new disaster recovery tool and vendor Automated Clearing House (ACH) payments.

Human Resources/Risk Management Department

• The City's Human Resources/Risk Management Department has three divisions: Employment, Benefits/Wellness/Records Administration, and Risk Management.

FY2021, partially due to COVID-19, have been challenging times for the City's Human Resources/Risk Management Department Staff.

The below chart demonstrates the effort and commitment of the City's Human Resources/Risk Management Department Staff:

Accomplishments	FY19/20	FY20/21	%Increase
Job Postings Advertised for City Vacant Positions	96	126	31%
Employees Hired and In Process	39	85	117%
Employees In-Processed with Benefits	33	71	115%
Retirements Processed	13	21	62%
Workers Compensation Processed*	57	92	61%*

*Increase primarily due to COVID-19

Sanford Police Department

- Responded to 95,082 Calls for Service in 2020 (122,395 if you include cancelled calls for service).
- Precautionary measures taken to reduce the spread of COVID-19 was and continues to be a challenge. Even with those precautions, Sanford Police Department still conducted 2,756 community outreach events in 2020.
- The Criminal Investigations Section investigated 1,903 cases.
- 27% reduction in Part One Crimes.
- Conducted three separate hiring processes in 2020, which resulted in the hiring of eight new officers.
 - Throughout the pandemic, the Sanford Police Department has continued and WILL continue to hear, evaluate and address the needs of the residents of the City of Sanford.
 - Sanford Police Department will continue building relationships within our community and will continue their dedication to public safety within our City.

Sanford Fire Department

- Trained all Battalion Chiefs and key personnel in the operation of an unmanned aerial vehicle (Drone) as a tool for use on emergency scenes and for emergency management purposes.
- Upgraded all fire engines to advanced life support.
- Replaced the fire engine at Fire Station 38.
- Collaborated with other Directors to implement safety standards for the effects of COVID-19 on the citizens of Sanford and City employees.
- Utilized the former Mayfair Golf Course clubhouse for multiple training uses.
- Executed our local fire prevention ordinance to include improvements.
- Implemented a consistent countywide food truck inspection program.
- Assisted in administering COVID-19 vaccines to the community.
- Conducted state required fire inspections.
- Collaborated with Seminole County Emergency Management to update the Floodplain Management Plan.
- Responded to over 10,770 emergency calls for service.
- Transported 4,725 patients to the hospital.

Public Works Department

Public Works Administration

- Completion of Riverwalk Trail and Roadway project - \$27,000,000.
- Completion of the Park Avenue Storm Water Education Park - \$2,000,000.
- 10th, 11th, and 12th Streets resurfacing and added speed tables - \$500,000.
