Citizen Participation Plan

INTRODUCTION

The City of Sanford Citizen Participation Plan (CPP) outlines ways in which the citizens of the City can participate in planning, development and implementation of its Community Development Block Grant (CDBG) program. Pursuant to 24 Code of Federal Regulations (CFR), Part 91, Subpart B, all participants in the CDBG and the Neighborhood Stabilization Program (NSP) are required to have a CPP in place that clearly states the opportunity for citizens input in the process. The CPP sets forth the policies, procedures, and implementation strategies that the City of Sanford will employ to support the involvement of the citizens of Sanford in the planning and development stages of the CDBG programs authorized by the U.S. Department of Housing and Urban Development (HUD). Citizens fulfill an essential role in outlining the needs of the community given their first-hand knowledge of the affordable housing, redevelopment, economic development and opportunity needs, as well as the human services needs of the homeless and those at risk of becoming homeless in our community. Also, the community is aware of the needs of the elderly and disable. The success of the CDBG programs will be maximized by partnering with those persons that receive the greatest benefits from these programs in determining the priority needs of our community, developing the goals and objectives to fulfilling those needs, and formulating the strategies to achieve these goals. The final decision-making authority of the CDBG programs rests with the City Commission, for they are ultimately responsible to both the citizens of the City of Sanford and to the Federal Government.

On August 10, 2010, City Commission approved the original CPP. At the March 25, 2013 City Commission meeting, the Commission approved the creation of a City of Sanford Community Development Block Grant Advisory Board to further enhance the role of citizen participation in

identifying and recommending programs and activities to address the needs of the low income, elderly, homeless, and disabled. With the participation of public, private, and minority individuals, not for-profit organizations, and faith based organizations, the City of Sanford Commission approved an update to the CPP. The CPP which incorporated the goals, policies, and implementation strategies that the City would encourage and ensure adequate citizen participation in the development of the Consolidated Plan, the One Year Action Plan, any substantial amendments to the Consolidated Plan, and the required performance reports.

At the August 10, 2015 City Commission Meeting, the Commission adopted the revised and updated CCP to be compliant with the City's 2015-2020 Five Year Consolidated Plan.

CARES ACT

March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) Public Law 116-136 was signed providing \$5 Billion for Community Development Block Grant programs to rapidly respond to COVID-19 and the economic and housing impact caused by this unprecedented crisis. Under the CARES Act, CDBG grantees may amend their Citizen's Participation Plan and Consolidated Plan concurrently in order to establish and implement expedited procedures with a comment period of no less than 5-days.

On May 18, 2020, the City of Sanford Commission approved a Substantial Amendment to the CPP to be compliant with the Coronavirus Aid, Relief and Economic Security Act (CARES Act), Public Law 116-136. The Amendment revised the CPP as follows:

- *Include virtual hearings as an allowed method for citizen participation when necessary for public health reasons.*
- *Provide a 5-day notice/comment period for proposed amendments necessary to expedite and facilitate the use of funds to prevent, prepare for, and respond to coronavirus.*
- *Make minor edits that do not change current citizen participation policies. Please be advised that if virtual hearings are used, real-time responses and accommodations for persons with disabilities and/or with limited English proficiency will be made available to the greatest extent possible.*
- *Include provisions relative to the Consolidated Planning process and participation waivers made available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act.*
- *Include provisions relative to the Community Development Block Grant (CDBG) and other applicable U.S. Department of Housing and Urban Development funding made available under the Coronavirus Aid Relief, and Security (CARES Act).*
- *Extend the Citizen Participation Plan for one year making the effective period of the Plan 2015-2021.*

PURPOSE

The purpose of the CPP is to encourage maximum public participation from a broad cross section of the community to include minorities, non-English speaking persons and persons with disabilities in the planning process. Also, to meet the requirements of the U.S. Department of Housing and Urban Development for citizens involvement in identifying and addressing the needs in distressed areas of the City. It is of the utmost importance to the City that citizens know what is being planned and are given an opportunity to present their views. The following objectives will be employed to encourage maximum citizen participation.

CDBG ADVISORY BOARD

The City uses CDBG grant funds for a wide range of housing and community development activities directed toward neighborhood revitalization, economic development and improved community facilities and services. The funding gives 'maximum feasible priority' to activities that will benefit low and moderate income persons or aid in the prevention or elimination of slums or blight. Although, the funding may also be used to meet other community development needs that present a serious and immediate threat to the health or welfare of the Sanford community. In order to achieve this desired goal and mandate of maximum citizen's participation the City Commission of the City of Sanford has determined that it is wise to create and appoint a "CDBG Advisory Board".

The purpose of the CDBG Advisory Board is to oversee the annual community needs and determine funding priorities relative to the City's CDBG program. The Board evaluates funding proposals for the use of the CDBG funds; makes funding recommendations to the City Commission and review performance and program revisions by CBDG funded agencies. The Board shall develop recommendations for the use of CDBG funds (a Federal entitlement program benefiting low and moderate income households). The City receives Federal CDBG funding on an annual basis which can be used to:

- 1) Benefit low and moderate-income persons
- 2) Eliminate slums or blight
- 3) Meet urgent needs

The CDBG Advisory Board will be composed of six (6) members appointed by the City Commission as follows:

- 1) The Mayor shall appoint 2 members to the Board.
- 2) Each District City Commissioner shall appoint 1 member to the Board.

*Board members shall serve a two (2) year term.

When appointing members to the CDBG Advisory Board Commissioners will take into consideration the following:

- 1) All members of the CDBG Advisory Board must be City Residents.
- 2) All members of the Advisory Board shall be selected based on their qualifications and willingness to serve.
- 3) All members should, through education or experience, possess a basic understanding of government operations and funding; provided, that members shall whenever possible, include low and moderate income persons, members of minority groups, the elderly, the handicapped, the business community and civic groups who are concerned about the program. In any event, the Board shall actively encourage the participation and involvement of all persons of or from the listed groups as it formulates and makes its recommendation.

The CDBG Advisory Board shall meet as often as necessary in order to adequately accomplish its duties. The CDBG Board meetings are noticed and open to the public. The City Manager, or designee, is assigned the responsibility to take any and all necessary administrative actions that may be desirable or necessary to implement the actions of the CDBG Advisory Board necessary to be taken pursuant to the provisions of Resolution No. 2419.

The Advisory Board, except as may be set forth herein or controlling law shall operate in a manner consistent with the provisions of Section 2-122 of the City Code. The CARES Act provided for the use of virtual board meetings and public hearings when necessary for public health reasons.

Pursuant to the requirements of 24 CFR 91.505, The City of Sanford will use the following criteria for determining what changes in the planned or actual CDBG activities constitute a substantial amendment to the Consolidated Plan:

1. The use of funds changes from one eligible activity to another. Movement of funds from cancelled activities to eligible alternate activities, or funding alternate activities with excess program income are not considered amendments.
2. A decision is made to make a change in the allocation priorities or a change in the method of distribution of funds.
3. A decision is made to carry out an activity, using funds from any program covered by the Consolidated Plan including program income, not previously described in the Action Plan.

 - c. The activity location of an area-benefiting activity changes so that the completed activity will principally serve beneficiaries other than those originally intended.
 - d. The scope of the activity has increased to the point where its completion with project funds would result in the inability to carry out another approved activity, or would necessitate reducing the scope of another activity to a point where it would not

accomplish its intended purpose.

- Citizens Participation

- 1) The City will encourage participation by low and moderate income persons, particularly those living in slum and blighted areas and in areas where CDBG funds are proposed to be used, and by residents of predominantly low and moderate income neighborhoods.
- 2) City shall encourage the participation of local and regional institutions and other organizations (including businesses, developers, and community/faith-based organizations) in the process of developing and implementing the Consolidated Plan.

- 2) The Community Development Program will advertise the proposed substantial amendment in a newspaper of general circulation within the City. The advertisement will provide sufficient information about the amendment to permit informed comment. Public advertisement of the hearing will appear in the newspaper a minimum of 30 days prior to the hearing, published in legible print, and not in the legal section.
- 3) *Under the CARES Act, CDBG grantees may amend Citizens Participation and Con Plans and Annual Action Plans concurrently in order to establish and implement expedited procedures with a comment period of no less than 5-days during a declared disaster or emergency.*
