City of Sanford Launches New Mobile App “Sanford Connects”

Sanford Connects, an app powered by Go Gov, will allow citizens to directly communicate with the City of Sanford. Citizens will be able to request services and report issues with a touch of a button. City staff will be responding to inquiries made through the app.

The app is free of charge and is available in the Apple App Store or the Google Play Store by searching Sanford Connects.

When you download the app, you will automatically receive notifications for City news, upcoming events, road closures, boil water notices, and much more. When you register in the Sanford Connects app, by providing your email and mobile number, you can submit service requests and tailor the type of City notifications you would like to receive.

Scan this QR code with your mobile device to download the Sanford Connects app to start connecting with the City of Sanford in a mobile friendly way.
